

## INTENSITY™ TWIN STIM IV

The InTENSity Twin Stim IV offers patients two modalities in one user-friendly, ergonomic design - Transcutaneous Electrical Nerve Stimulation (TENS) and Neuromuscular Electrical Stimulation (NMES).

Equipped with preset body-part-specific settings as well as a customizable option to ensure the ideal therapeutic treatment throughout the healing cycle.

### PRODUCT FEATURES

- User-Friendly, Sleek Design
- 2 Channels of Independent Stimulation Output
- Easy-to-Read Large LCD Display and Convenient Easy-to-Use Controls
- Extensive Range of Programs with Manual Customize Settings and Body-Part-Specific Settings — 18 TENS and 18 NMES (Total of 36 Programs)
- The NMES Setting Sends Gentle Electrical Pulses in a Contraction and Relaxation Rhythm to Help Relieve Muscle Spasms, Re-Educate Muscles, and Help Prevent Muscle Atrophy.
- 4 Stimulation Modes for TENS
- Synchronous Mode for NMES with Adjustable Pulse Amplitude, Pulse Frequency, and Contraction/Relaxation Time Parameters
- Preset and Adjustable Treatment Time
- Compliance Meter - Store Up to 90 Sets of Treatment Records and Total Treatment Time of 100 Hours
- Electrode Load Indicator
- Low Battery Indicator
- Rechargeable Lithium Ion Battery with USB/ Wall Charger and LED Charging Indicator Light
- One-Year Warranty
- Rx Only
