# PAVIBASIC CT 20 MM

THE SPECIFIC SOLUTION AGAINST IMPACTS  
AND FALLS ON THE FREE WEIGHT AREA.

Installation:

The tiles are easy to install thanks to the modular interlocking system that avoids the use of adhesives which reduces significantly the installation time and cost.

For more details, please contact us.

## Description:

Optimal shock-absorbent flooring for Crossfit and heavy-duty training. Made with a unique formula using special components with enhanced fire-rating, this flooring is not only fit for heavy purpose use but is unique in terms of its fire resistance, dimensioned stability and aesthetics.

- **High-resistance:** protects the surface and the subfloor, ideal for high impact use.
- **Grip:** provides proper slip resistance, even when wet.
- **Hygiene:** smooth and easy to clean surface.
- **Aesthetics:** hardcore aesthetic with a mixed colour texture that makes it more attractive than the common black flooring.
- **Fire certificated:** Dfl-s1 (Black Cosmos), Efl (Black).

Texture  
**COLOUR**

**Black**

**Black  
Cosmos**
