# PAVIBASIC CT 25 MM

THE BEST FLOORING SOLUTION FOR CARDIO  
AND SPINNING ROOMS.

## Installation:

To install Pavibasic CT 25mm we recommend using an adhesive.

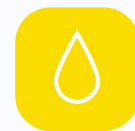

For more details, please contact us.

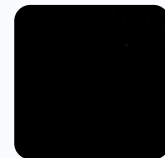

## Description:

The specific non slip solution for CROSS TRAINING AREAS based on a unique and environmentally correct recycling process, which makes it possible to recycle rubber granulate from discarded car tyres into new subjects with a recycling profit on at least 92%. As binder is used polyurethane.

- **Slip resistant:** High density rubber compounds with a low mesh count for slip resistance – even when wet.
- **Shock-absorbent:** Ideal for high impact uses.

Texture  
**COLOUR**

**Black**

\*The appearance and color of these images may differ slightly from the final product.

## Technical Data
