

Bastian - Media Unit

Bring the sharp, minimalist design of the Bastian TV Unit into your living space, with three sizes available

The Bastian is the perfect height for your TV to be comfortably viewed when sitting on your sofa, and pre-drilled holes for cables at the back of the unit keep everything in its place. The lip on the drawer front makes for easy opening while retaining a clean, minimalist appearance.

Solid Oak construction with clean, flat surfaces and angled legs with a tapered, rectangular prism shape combines to create a modern, strong piece that will last for years to come with the right care.

Materials

Solid American Oak body

Pine drawer interior

Clear Satin Lacquer
