

# VersaTrailer

all-steel, all-purpose carrier

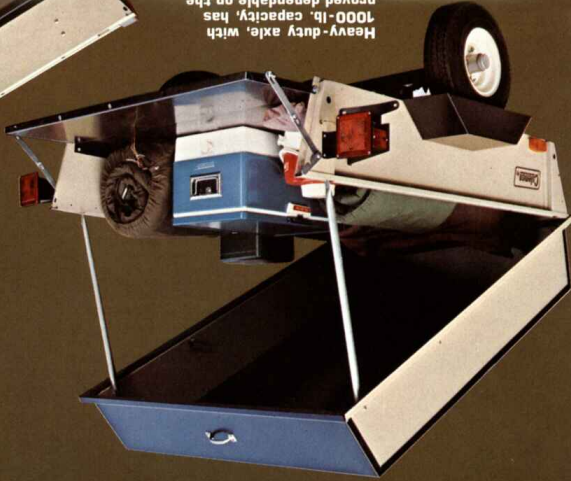

- With almost half a ton of capacity and plenty of cargo space!
- holds 36 cu. ft. with steel cover – even more with hardwood stake railings!
- sets up easily in approximately 30 minutes!

This rugged, do-everything carrier hitched up and loads easily, totes approximately 1000 pounds smoothly, and unloads fast or tilts for quick and safe dumping. It's roadable, durable, and so everlastingly handy that you'll wonder how you ever managed without it! Along with so many workhorse features, the VersaTrailer's modern design and two-toned baked enamel finish will complement the good looks of any car.

The trailer has a bed of 15-gauge steel with reinforced corners for strength and long service, dual leaf spring suspension, easy-to-connect ball coupler, and hitch weight of 25 pounds unloaded. Both front and rear end gates can be folded down for extra-length cargo. The trailer's center balance feature provides fast and safe unloading or dumping of cargo. To double the loading space, add either hardwood stake railings or lockable steel cover.

Cargo space is generous. Inside trailer dimensions: 49" x 60", with 10" depth. At last—a trailer that can hold 4' x 8' paneling flat! Holes on side and rear bedrails accommodate cargo hold-down ropes.

Easy-connect coupler fits standard 1 7/8" ball. Safety chains are included as standard equipment. Hitch weight 25 lbs. unloaded.

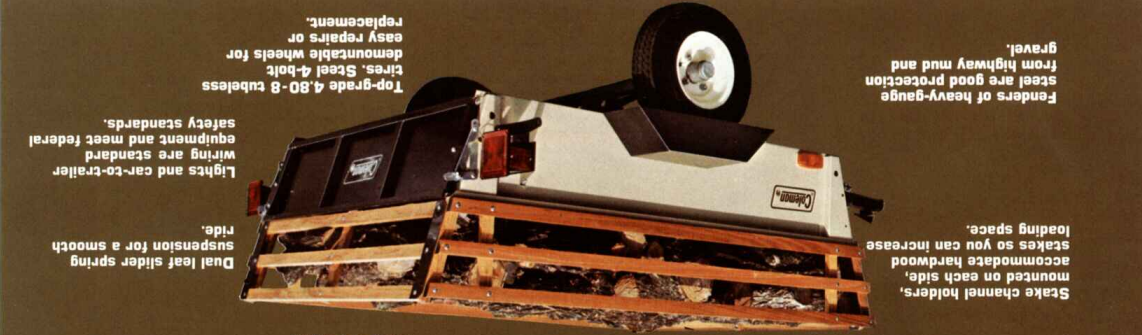

Heavy-duty axle, with 1000-lb. capacity, has proved dependable on the road for thousands of miles.

Comes partly assembled and pre-wired in one carton. Quick, simple do-it-yourself setup with ordinary household tools.

Stake channel holders, mounted on each side, accommodate hardwood stakes so you can increase loading space.

Fenders of heavy-gauge steel are good protection from highway mud and gravel.

End gates, both front and rear, can be removed or folded down for extra-length cargo.

Just pull the pin. Tilt-bed loading and dumping is easy and safe—

Dual leaf slider spring suspension for a smooth ride. Lights and car-to-trailer wiring are standard equipment and meet federal safety standards.

Top-grade 4.80-8 tubeless tires. Steel 4-bolt demountable wheels for easy repairs or replacement.

Fits the lifestyle of active, economy-minded, practical people everywhere.

- For long-distance hauling or a quick lift.
- For campers or cyclists.
- For grounds maintenance or construction crews.
- For families, churches, clubs, shops.
- For **anyone** who has ever said, "Sure wish I had a pickup truck today!"

Here's a versatile, two-wheeled wagon that's ideal for dozens and dozens of hauling jobs on all kinds of terrain, day or night. Fits small cars and small budgets, too. Starts paying for itself right away in time, energy, and money saved. No need to pay delivery charges or rent a truck to move furniture and appliances across town. No need to stuff a car trunk or dirty up the back seat when carting firewood, fertilizer, or tools. Coleman has the answer—the VersaTrailer! And for campers, this easy-tow wagon holds all the luggage, tent, and sport gear an average-sized family needs. So hitch up soon to the VersaTrailer, a load of value!
