IN A **Coleman**

CAMPING TRAILER
America's Super Camping Trailer

36" headroom over wing beds. Sit up in bed without hitting your head.

Generous windows for 4-way ventilation and wide open views. All have easy-zip canvas flaps and the color coordinated zippers are by YKK®. Picture windows have clear vinyl flaps, to keep out wind while welcoming light and scenery.

9" adjustable roof vent for extra air and natural light.

Textured aluminum hardtop roof is durable and insulated to help you keep your cool on the hottest days.

Long-lasting, fire-retardant canvas for your family's safety.

Self-storing stabilizer jacks at all 4 corners adjust easily for quick leveling on uneven terrain.

1-piece aluminum screen door with sliding privacy panel seals tightly to keep the bugs out and the kids in.

Dinette table is easily removable for outdoor dining and converts to an extra bed at night.

Wing bed supports are permanently attached and fasten easily in place.

The decorator-styled Herculon® upholstered dinette seats and backs as well as the 4-inch thick foam mattresses are both stain and wear resistant.

Body has heat-resistant, baked acrylic paint to resist rust and corrosion.

Luxurious 2-section galley has woodgrain furniture, LP gas cooktop range with cover, and stainless steel sink with 2-way faucet.

Convertible 3-way ice box loads in the kitchen at home, is easily accessible on the road, and stands upright at counter height while you're camping.

Armstrong® cushioned vinyl flooring is long wearing and easy to clean.

Locking stepdoor permits easy access and features storage for stabilizer jack and crank handle.

We hold these truths to be self-evident:

THAT ALL CAMPING TRAILERS ARE NOT CREATED EQUAL. A COLEMAN STANDS OUT FROM THE REST.

It was designed by people who know and love camping. By people who have made Coleman the greatest name in the great outdoors!

The models vary in size and built-ins but most of them share features that make them distinctively Coleman. This means: compactness, with a low tow height so you can see well through your rear-view mirror . . . easy set-up so you can be "all settled in" within minutes after picking your favorite spot . . . handiest cook-'n-eat facilities . . . and beds as comfortable as those you left at home.

*(1) Up front, there's the swing-up tongue jack for easy hitching and stabilizing, LP gas bottle and regulator, 1 7/8" ball coupler with 2 safety chains and the electrical connections. *(2) Sturdy, locking 22" x 22" step is a comfortable height even for a child. *(3) Built-in garment rack is convenient, easily accessible. *(4) At night, a light illuminates both the step and the tool storage area. *(5) The low road camper height permits an unobstructed view through your rear-view mirror. No outside mirrors required. *(6) His and her crank positions - his is fast, hers is easy. *(7) Roomy storage space under the flip-up dinette seats. *(8) Wash your car and camper together at any drive-through car wash. (You can't do this with most other campers.) *(9) Convertible 3-way ice box can be removed for use without cranking up the trailer. *(10) Nylon screens are 4 times finer mesh than others to keep smallest bugs out. Folds easily wet or dry.

*Coleman exclusive

Not all features available on all models. See specifications.

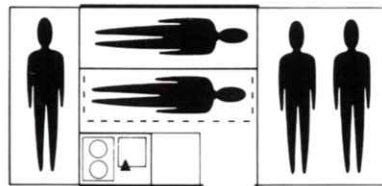

Coleman Patriot

The Patriot has all the basics for back-to-nature campers. This compact, easily maneuverable, deluxe camping trailer weighs less than 1000 pounds yet has loads of convenience features.

The generous 16' open camper size allows ample sleeping room for five persons. The galley sports a waist-high 2-burner porcelain cooktop gas range, a 30 quart Poly Lite chest cooler and a stainless steel sink. An added plus - the dinette table can easily be moved outdoors for meals or games.

There's also a portable 5 gallon water tank and 2 115V electrical outlets in addition to a 12V ceiling light and a 25' self-storing cord.

A convenient, deluxe, compact Coleman camper . . . the Patriot!

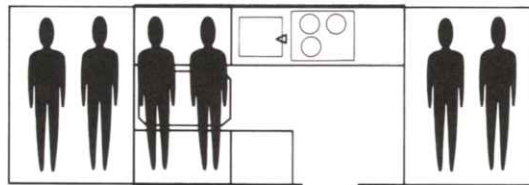

Coleman Valley Forge®

The Valley Forge is one of our most popular, fastest growing camping trailers. It unfolds to 19'4" so there's plenty of room to sleep 6 persons. Each of the wing beds measures a roomy 51" x 72" with 4-inch thick foam mattresses. And there's a full 36" of headroom above them, too.

The galley with its 3-burner cooktop and stainless steel sink is designed to make mealtimes a breeze. The exclusive 3-way ice box is another "Coleman coup" because it's designed to be conveniently accessible at the campsite or on the road. When a roadside stop calls for a snack or cold drinks, there's no need to crank up the camper to reach the ice box. And food stays fresh and cold for days with as little as 15 pounds of ice.

No wonder Coleman is America's Super Camping Trailer!

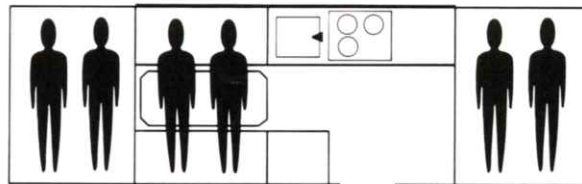

Coleman Brandywine®

If you need more of a good thing, the Brandywine could be the answer. More sleeping room? This opened 21'4" model can accommodate 6 adults comfortably and the dinette area is thoughtfully designed to allow plenty of "elbow room" at mealtimes.

All Coleman's deluxe features are found here - the very functional galley, the color-coordinated decor, electricity and water hook-ups and a 12V solid state converter. The breezes can move through the large screened windows but the bugs can't! Coleman's nylon screens have four times finer mesh than others and will keep even the tiniest bugs out.

Comfort, convenience and safety—by-words at Coleman.

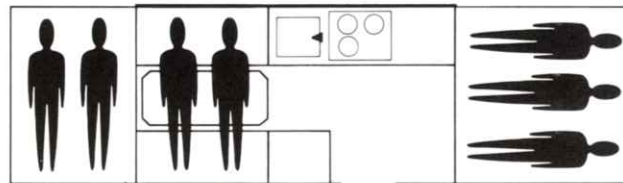

Coleman Yorktown®

The Yorktown is great looking inside and out. It opens to a full 23 feet in length but is light weight and has only a 47" tow height. The wide oval tires on the camper track exactly with your car.

The Yorktown has spacious sleeping quarters for 7 persons and features the exclusive Coleman queen-size bed. It also has extra long removable dinette, full kitchen and lots of storage space. Niceties, too, like the tie-back drapes with separate sheers and the two overhead dome lights.

Camping in a Yorktown — a super way to declare your independence.

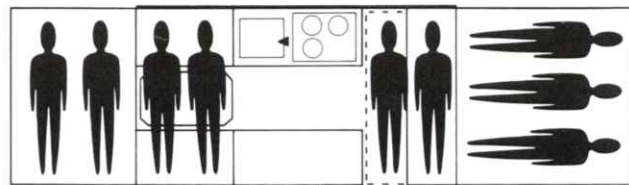

Coleman Lexington

Coleman's top-of-the-line Lexington is ideal for king-size families . . . or two smaller ones. There's room to sleep 8 or 9 persons comfortably and feed them all at the same time, too, on double dinettes. In 1976, the Lexington, like the Yorktown, also features Coleman's exclusive queen-size bed.

Your outdoor home has all the basic comforts of indoor living — light, water, gas — plus a full length screen door with sliding privacy panel. The lovely, color-coordinated furnishings and draperies, along with the picture window view, will make even Mother Nature envious.

The Lexington includes all Coleman's best features for camping in royal style.

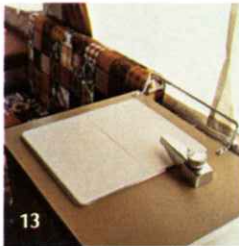

Accessories

(1) Vanity Board - large mirror, shelf, paper towel rack, cup dispenser and toothbrush holder all mounted on easy-to-hang board. (2) Outside Propane Campstove - the **ONLY RIGHT** propane stove to use outdoors. Optional kits allow you to mount campstove on the camper and tap directly to the LP tank. (3) Heavy, Double-Duty Storage Bumper - Protects rear of trailer and spare tire and has storage for canopy poles or fishing rods. (4) Electric Refrigerator - Compressor type, like the one in your home. 12V/115V. Installation kit, instructions included. (5) Boat and Luggage Rack - A small boat or extra luggage can be safely carried on camper's top-mounted rack. (6) Heater - Solar-Mite 9,000 BTU heater operates on LP gas and quickly warms the air in cool weather. Can be installed in convenient, out-of-the-way location in trailer. **Personalize your Coleman with your choice of an optional interior.** (7) Have a penchant for plaid and plain designs? The brown and rust Herculon® dinette seats complement the solid rust on the wing beds. (8) A green and rust Herculon® plaid is also available for the dinette seats and this design is also coordinated with the same solid rust on the beds. (9) A change of pace from plaid to patchwork design. Charming provincial pattern blends beautifully and adds exciting color to your camper.

More Accessories To Extend Your Livability

(10) Standard Canopy - An inexpensive way to expand your living-roomability at the campsite. Sets up quickly with little effort. **(11)** Deluxe Canopy - Fits in built-in canopy rail on all Coleman Campers and provides a full-width covered patio to protect you from too much sun. Colorful striped top adds "zing" to the scenery. **(12)** Privacy Curtain - Two curtains slip into built-in track to completely enclose wing beds, then slide to corners when not in use. Each package contains curtains for one bed. **(13)** Cutting Board - Galley work space is expanded when the handy optional cutting board is put to use. Fits snugly over sink. **(14)** Slumber-Pak - Snuggle down in a Coleman RV double sleeping bag designed to fit Coleman Camping Trailer mattresses. The Pak also contains 2 color-coordinated pillows.

Other Available Accessories

Valley Forge electric brakes; 12V auto extension cord, (S on Patriot); bicycle rack, (requires boat and luggage rack for mounting); waste tank; 10' LP gas hose regulator fitting and LP gas bottle adaptor; stone guards; free-standing, screened Add-A-Room; and full length dressing room curtain.
