

Coleman® tops 'em all!

Full size or mini pickup, Coleman's Wrangler™ or Maverick™ adds comfort to camping!

Anywhere you can drive your pickup, you can drive your best bargain in folding pickup campers: Coleman's Wrangler for full-size or Maverick for mini pickup trucks.

Then when it's time to relax, **relax**. Relax in a living area twice the size of your pickup bed. Sleep up to four in home-style comfort. Walk in and out of a full size door without stooping. Stand tall in 6 feet, 4 inches of headroom. And enjoy the view and ventilation of large, insect-proof, closeable windows.

Enjoy a complete galley, too, with stove, cooler, sink, dinette table and a surprising amount of cabinet storage.

With all their built-in comfort, your choice of Coleman models folds to a low profile (as low as 52") for minimum wind drag and fuel consumption.

So relax wherever you go in the great outdoors by taking a great **indoors** with you, too. Your Coleman Folding Trailer dealer has details.

AFFORDABLE FAMILY FUN

CAMPING TRAILERS

The Coleman Company, Inc., Camping Trailer Division, Somerset, PA 15501

A lot of easy living in a compact package.

The Maverick, too, unfolds an amazing amount of comfort for weekend or week long camping. Designed to fit both short- and long-bed mini pickups, this "baby" packs a lot of easy living in a compact package. And like its "bigger brother," the Wrangler, the Maverick is easy to set up. A unique Coleman lift system simplifies and shortens set-up time at the campsite. An easy-to-turn indoor crank makes short work of raising the roof to its full 79" height (76" for the Wrangler model).

In order to assure compatibility with the Wrangler and Maverick, we recommend that you check the technical specifications for your particular pickup for allowable payload, center of gravity and bed dimension.

Low profile for roading. Fold up the sides, lower the roof, and you're ready to go with minimal wind resistance. You can also pull a boat and trailer without breaking "double trailering" laws.

The Coleman Company reserves the right to make changes at any time without notice in prices, color, material specifications and models. Camping and pickup camper equipment depicted in product photography may be optional at additional cost. Consult your Coleman dealer for details.
