

Rediscover the American Spirit in a Coleman Camping Trailer

Quality Design You'll Appreciate!

**From the World's Most
Respected Name in Camping**

Coleman's experience and reputation for "sweating the details" shines through on the road and at the campsite. That's because we *know* camping. And, we know that the quality and fun of camping can be greatly affected by your camper's performance and the "little things"—not always provided for in other designs. Don't let little things affect your camping adventures. Have all the carefree fun and excitement camping is meant to be—go Coleman! Here are a few good reasons why:

The Stepper™ door

The Stepper™ door features Coleman's Stepperlite™ for illumination where you need it most—at the doorstep.

Coleman's exclusive, self-storing Stepper™ is a big, wide, sturdy step. It's positioned low enough to accommodate even small children and makes entrance or exit from the living area easier than in other campers. It makes loading and unloading much easier, too.

Built for "creature comfort," Coleman trailers feature an exclusive, extra-wide, one-piece aluminum screen door with a privacy window panel, waist-level knobs and built-in automatic return. These are all features you'll come to appreciate more and more in daily use, especially when loading and unloading supplies and equipment.

Coleman's dinette table is freestanding and portable. Eat inside or "dine out" with nature anytime you choose.

Coleman's comfortable, wood-backed dinette seats are locked in place. They support and stay put far better than loose throw cushions that fold up and slide about when you're sitting.

Coleman trailers make set-up easy and eliminate "misplaced part frustration" through *permanently attached* built-in bed supports, dolly wheel (except Colorado™), step, stabilizing jacks and dinette table legs. This is just part of the excellence in design that raises the quality of camping life for Coleman owners. Coleman design provides 5" to 6" more interior headspace than most

other trailers. It's roominess you'll grow to appreciate quickly. We build our trailers right. And, we back them with a five-year limited warranty on major components. The warranty covers parts and labor for the first three years and parts for the remaining two years.

See your authorized Coleman dealer for details and compare. We think you'll agree that it's the best warranty in the business.

A. Lifter crank and stabilizer handles are stored in a convenient, easy-access compartment in the body.

B. Swing-down stabilizers are permanently bolted on for quick, easy, rock-solid stabilizing.

C. The swing-down, self-storing dolly wheel makes hookup, unhooking and positioning easy and effortless.

D. Waist-level lifter crank position makes raising or lowering the camper effortless for even a child.

E. No one, but *no* one knows camp stoves like Coleman. Our dependable outdoor stove generates 10,000 BTUs per burner—enough to cook in outdoor breezes—where other stoves, designed primarily for indoor use, don't function nearly as well. Outdoor cooking in a breeze is a breeze with Coleman.

F. Coleman's beds are positioned to give you plenty of headroom as well as allow your feet to

rest comfortably on the floor when sitting. If you've visited other campers, you'll realize just what a pleasant difference this makes.

G. Coleman's bed supports are permanently attached to the Conestoga™ wing beds. To set up, simply pull out the bed and pull down supports.

THE AMERICANA™ SERIES.

Camping the way you've dreamed of it...
"No lodge or resort could offer this. It's just like we owned a home here. And we're not miles away from all this beautiful country. We're right here in the middle of it—every minute is an adventure. The Americana™ makes it all perfect."

Take luxurious comfort anywhere you want to be. The Coleman Americana™ Series provides a whole array of features that put quality living into camping adventure. A whole new selection of beautiful fabrics, lined drapes, exclusive Swing Level™ galley, 3-burner stove, Coleman Convertible™ 3-way cooler and big, plush 4"-thick mattresses. And much, much more.

The Williamsburg® enclosed tub/shower provides all the accommodating clean-up comfort of home.

Coleman's exclusive Swing Level™ galley is found only in Americana™ Series trailers. Stove, sink and spacious storage cabinets are all in one place; you simply lift the handle and you're ready to cook!

The Americana™ combines the great outdoors with the comforts of home. The interiors are designer coordinated in colors and fabrics of the finest material. Only the best in polyesters, olefins, polished cottons and a new material of 100% Antron® nylon called Hopsak™ is used. All fabrics in our new interiors exceed upholstery standards by at least four times. Americana™ drapes are quality finished with a full backing.

Queen-sized bed and double bed, with plush 4"-thick-mattresses, make the end of the day a welcome time.

Convenient outside storage on the Laramie™ for those items needed while traveling.

Talk about convenience! The Sequoia® features an outdoor stove, too! Simply slide the high-efficiency 20,000 BTU unit out of the side panel and you're all set for quick outdoor cooking at the campsite or on the way.

The cozy side dining table location of the Coleman Laramie™ also enhances its functional roominess.

INSTANT TRACTION

Owning a 4WD is not always the answer, and digging out of mud or soft ground is not a pleasant task. Here's a simple trick. Put a few composition roof shingles in your vehicle on your next trip. If you get stuck, simply place the shingles under the tires with rough side down...instant traction.

Enjoy Discovering America More With Accessories For Adventuring

Heavy-Duty Storage Bumper
Now! An ideal spot for fishing rods!

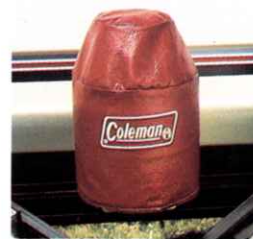

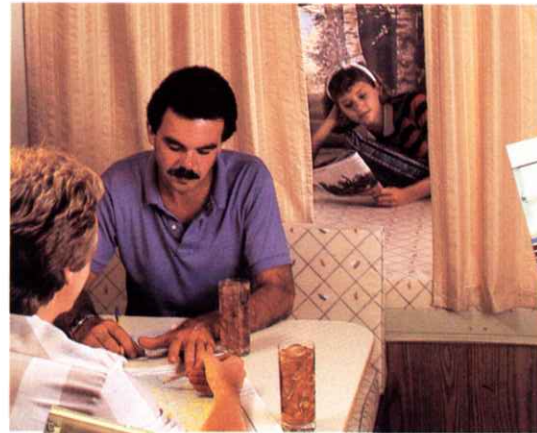

Air Conditioner
Keep cool on the hottest days. This roof-mounted air conditioner mounts on all 9-ft. and 11-ft. Americana™ Series trailers. For mounting on Pioneer™ Series, see your authorized Coleman dealer.

Vanity Board
Includes large mirror, shelf, towel rack, cup dispenser and toothbrush holder.

Privacy Curtains
Create a "private" room with these attractive, lined curtains.

Gas Bottle Cover
Protects the propane container and valves from dirt, road spray and the elements.

Spare Tire Cover
Looks neat and protects your spare tire.

Overhead Storage Cabinet
Provides extra space that comes in handy.

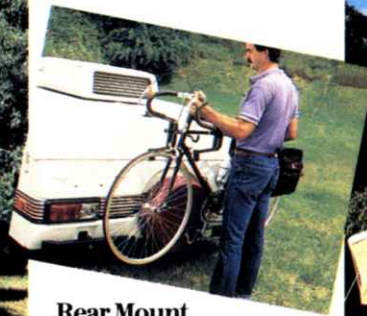

Boat/Luggage Rack

Secure a boat, canoe or extra luggage with this handy rack. It distributes the weight evenly over the trailer for driving safety, with virtually no appreciable difference in the camper's economical "one extra gallon per hundred miles" towing mileage.

Stove Bracket, Stove and Grill

Generate 20,000 BTUs of outdoor cooking power. This unit attaches to the outside of the trailer. The stove is standard on the 1986 Sequoia®; optional on all other models.

Rear Mount Bike Rack

This rear-mounted bike rack leaves the camper top clear for mounting air conditioner or other top-mounted accessories.

Canopy and Screened Room Combination

Choose between burgundy and gray strobe pattern or the traditional brown and white striped pattern self-storing canopy. Add on the optional screened room for significantly increased enclosed living space.

Furnace

Choose from a 12,000 or 16,000 BTU forced air furnace to extend your camping seasons. Keep warm on chilly nights and frosty mornings.

Bicycle Rack

Take along your bikes. This rack mounts on the top of the trailer and carries two bikes in the upright position.

3-Way Refrigerator

This unit is completely portable. It keeps foods fresh and supplies your ice. Operates on AC/DC current or LP gas.

REDISCOVER AMERICAN VALUE

Discover the Colorado™!
Rugged, Lightweight, Comfortable,
Convenient and Coleman...

The ideal camping vehicle for hunter, fisherman, basic camper and down-to-earth outdoorsman. Coleman's innovative Colorado™ features the enclosed eating, relaxing and sleeping comfort of a camping trailer without sacrificing the fun and feel of tenting.

Only 515-lb. base axle wt., the Colorado's™ unique folding design—comparable to a modern dome tent—provides a surprisingly spacious interior. Enough room to sleep four adults. And it features such Coleman conveniences as high-density foam mattresses, a built-in canopy, a portable dinette table and a cargo capacity exceeding 600 lbs.

Easy to tow, a snap to set up and super comfortable to sleep in, the Colorado™ is a whole lot of camper for a surprisingly low price.

And, best of all—it's quality crafted by Coleman, all the way through.

Simply roll back the tarp...

Raise and secure the canopy bow...

And pull out the bed. It's up!

This handy stove shelf accessory makes a perfect spot for mounting your Coleman outdoor stove.
