

AMERICA WAS MADE FOR YOU AND ME

See it all in a Coleman Camping Trailer

Freedom. There is no better way to sense it and share its blessings than let the sights, sounds and texture of America become a part of you. On the road in a Coleman Camping Trailer, your address is adventure and your passport is our American Heritage. There are no boundaries between the sweet-scented forests of Washington and the sultry palms of the Florida Keys. Nor, between the rocky shores of Eastport, Maine and the sandy beaches of San Diego. But there are a thousand memories to be made for you and your family in this great land of ours.

Come, get close, experience America together. It may be Disneyland, or the Alamo, a storm in the desert, or sunrise on the Chesapeake. For you, America may be noisy family fun at an amusement park, or a quiet moment of reflection at Arlington. Or, perhaps the sweet smell of morning coffee at a mountain campground or a steaming lobster in Nantucket.

That's what camping in a Coleman trailer is all about—the *adventure of really being there*. With the freedom to come and go as you please, quickly, easily and economically.

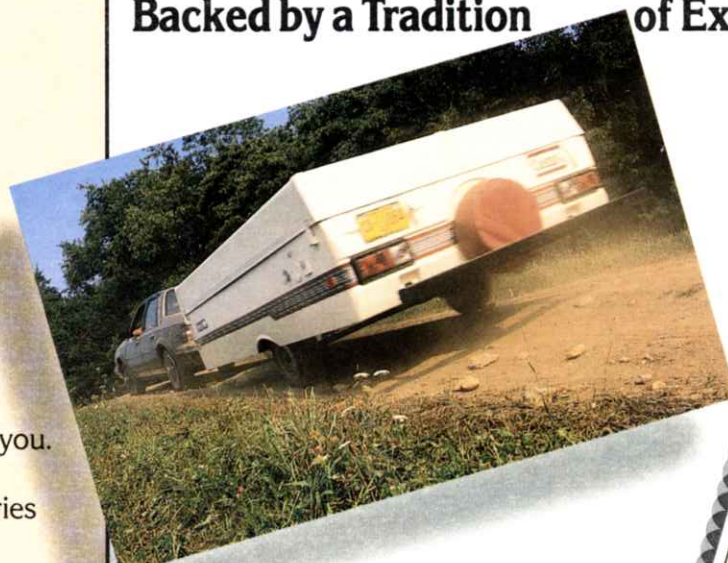

Coleman makes doing it all fun, safe and comfortable, too. Easy and economical to tow, full of built-in conveniences that make camping *anywhere* a joy, and as ruggedly dependable as the reputation Coleman has earned among the thousands who agree that Coleman trailers are a "part of America's best", too.

Find out more about Coleman Camping Trailers and why they have become an American standard of excellence from your Coleman Dealer.

And, this year, begin to discover America, the land that was made for you . . .

Coleman Camping Trailers

Made in The U.S.A....
Backed by a Tradition of Excellence

That's Coleman. No other name carries with it the pride, the craftsmanship or the reputation for quality in outdoor equipment.

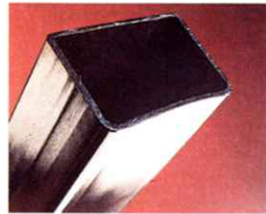

Coleman camping trailers are *expected* to withstand jarring potholes, driving rain, snowy mountain trails, snagging branches, desert heat, salty breezes and the hundred and one other environmental "hazards" of the great outdoors without the slightest problem. And, still provide the maximum of easy, pleasant living—unruffled relaxation—wherever you choose to camp.

We build them just for that purpose. And we build them right—strong, beautiful and to last. The way things marked, "Made in America" are expected to be built.

That's Coleman. You can depend on us—anywhere in the great outdoors.

We build our trailers right. That's why we back them with a Lifetime Limited Warranty. The structural integrity of our lift system, floor, and steel frame is warranted for the lifetime of the original purchaser. Plus, the roof is warranted for five full years—three years parts & labor and two years parts thereafter. It's the best warranty in the business . . . just compare and see for yourself! Ask your Authorized Coleman Dealer for details.

Coleman uses tough, American steel, "Box Beam" frame construction for basic rugged strength and solid dependability.

Sidewalls and corner supports of durable, heavy-gauge aluminum are riveted (not "screwed and glued") to the frame to provide an extra measure of individual component strength and a maximum of "unitized" integrity.

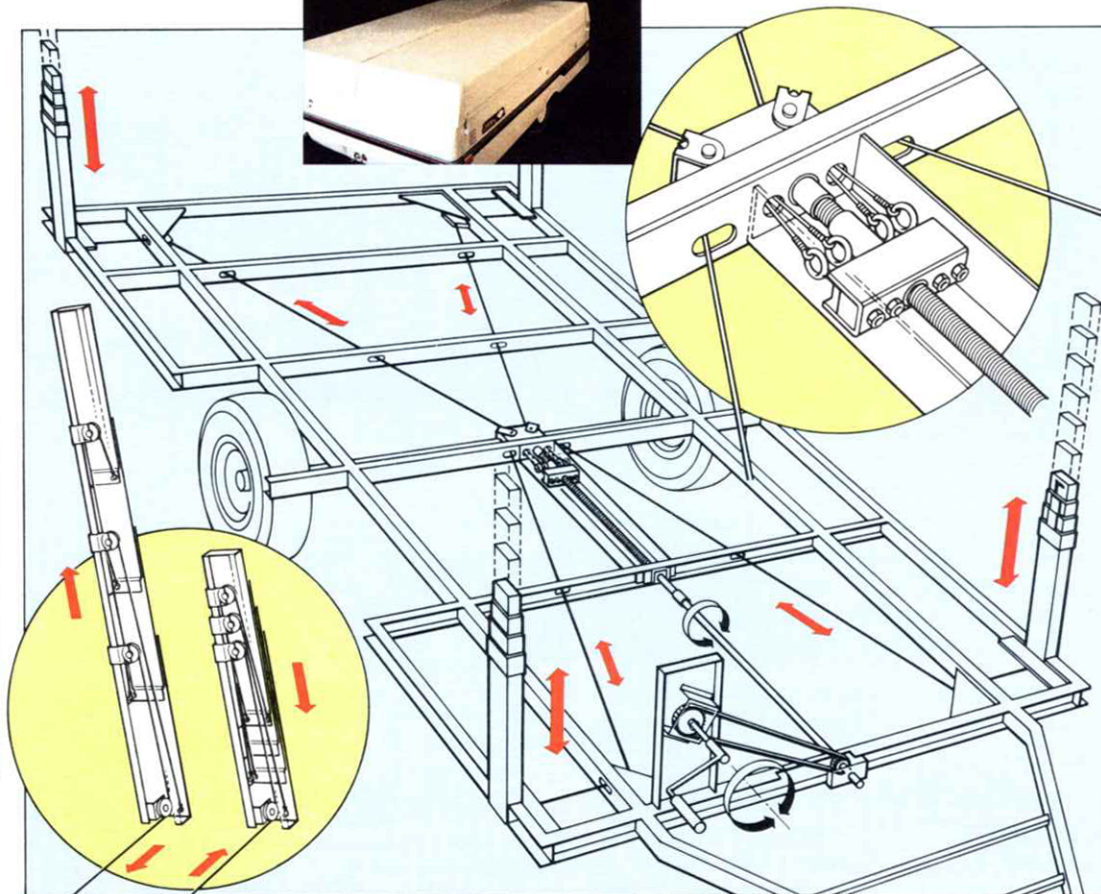

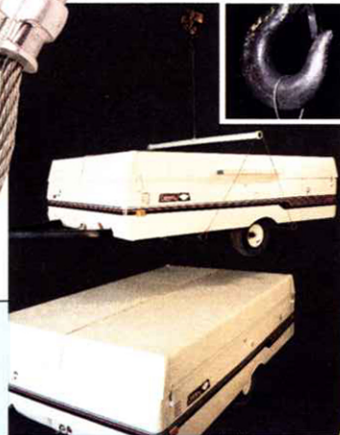

Coleman automotive type, dual sidewall bodies also provide a safety buffer zone against interior damage and allow easy, inexpensive reparability.

Coleman wiring is outdoor type wiring—fully insulated and enclosed for safety, and fully protected against moisture, heat, cold and the chance of becoming frayed or severed. You can depend on it far from home.

Coleman's patented lift system utilizes 75' of heavy-gauge (1/2" diameter) ultra-strong, stainless steel aircraft cable. It's rustproof and virtually unbreakable—stronger by far than you'll find in other campers.

The lift system can be easily operated by a child turning the two-position posi-crank. The fail-safe mechanism functions smoothly on stainless steel needle bearings.

And it operates effortlessly and dependably *every time* because the integral telescoping lifters are made of strong, heavy-gauge stainless steel that won't rust or bind, and are solidly bolted to the frame.

Coleman gives you a choice of fine exterior tenting materials: natural fiber Weathertex™ canvas—proven for durability over the years, or man-made Evolution 3** fabric—tough, good-looking and totally unaffected by extreme humidity.

*Evolution 3 is a registered trademark of the Kimberly-Clark Corporation.

Acrylic-coated, high-impact ABS front and rear panels won't crack or chip under the toughest conditions. This high-tech material withstands bumping, banging, whipping branches and flying rocks to come up looking great after years of use.

No dark smoked vinyl here! Coleman brightens your world with tough, clear vinyl windows that lighten your living space by day and let you count the stars at night.

Either way, Coleman craftsmanship means tight new lock stitching that won't "run" when snagged, with back tacking at all stress areas for long-lasting service, good looks and performance for years to come.

Like the finest homes, Coleman trailers feature wood floors. Specially treated, one-piece Blandex** construction not only provides more foot comfort, insulation and reduced weight, it eliminates the damp moisture build-up found in the metal-to-flooring construction in other trailers—the cause of inner and outer floor deterioration. No Coleman trailer floor has ever had to be replaced!

*Blandex is a registered trademark of the Blandin Wood Products Co.

A good place to get the Coleman "Quality Perspective" is on the under perimeter. There are no glues, staples or flimsy sheet metal screws in this critical area. Coleman uses rivets and rugged hex-head tech screws for maximum strength and integrity.

Designed with American Knowhow for Convenient, Carefree "Campability".

Nobody, but NObody, knows more about camping than Coleman. And we know what carefree fun it can be. Especially if your camper provides all the performance, and all the "little things", you can expect from a Coleman Camping Trailer. That's why we've put all of our years of painstaking experience into the design of every camper we build. Detail after detail has been carefully planned, designed and executed to enhance every Coleman trailer's performance on the road and at the campsite. And, enhance *your* every camping adventure.

Coleman trailers are designed with the whole family in mind—from the location of the door latch to the extra headspace, quick cooking stoves and dozens of other unique features only Coleman offers.

But, find out more from your Coleman Dealer. Then, *experience* America's best, in a Coleman Camping Trailer!

Coleman's dinette table is freestanding and portable. Eat inside or "dine out" with nature anytime you choose.

Coleman's comfortable, wood-backed dinette seats are locked in place. They support and stay put far better than loose throw cushions that fold up and slide about when you're sitting.

Built for "creature comfort," Coleman trailers feature an exclusive, extra-wide, one-piece aluminum screen door with a privacy window panel, waist-level knobs and built-in automatic return. These are all features you'll come to appreciate more and more in daily use, especially when loading and unloading supplies and equipment.

The Stepper™ door

Coleman's exclusive, self-storing Stepper™ is a big, wide, sturdy step. It's positioned low enough to accommodate even small children and makes entrance or exit from the living area easier than in other

campers. It makes loading and unloading much easier, too.

The Stepper™ door features Coleman's Stepperlite™ for illumination where you need it most—at the doorstep.

Coleman trailers make set-up easy and eliminate "misplaced part frustration" through *permanently attached* built-in bed supports, dolly wheel (except Colorado®), step, stabilizing jacks and dinette table legs. This is just part of the excellence in design that raises the quality of camping life for Coleman owners. Coleman design provides 5" to 6" more interior headspace than most other trailers. It's roominess you'll grow to appreciate quickly.

A. Lifter crank and stabilizer handles are stored in a convenient, easy-access compartment in the body.

B. Swing-down stabilizers are permanently bolted on for quick, easy, rock-solid stabilizing.

C. The swing-down, self-storing dolly wheel makes

hookup, unhooking and positioning easy and effortless.

D. Waist-level lifter crank position makes raising or lowering the camper effortless for even a child.

E. No one, but no one knows camp stoves like Coleman. Our dependable outdoor stove generates

10,000 BTUs per burner—enough to cook in outdoor breezes—where other stoves, designed primarily for indoor use, don't function nearly as well. Outdoor cooking in a breeze is a breeze with Coleman.

F. Coleman's beds are positioned to give you plenty of headroom as

well as allow your feet to rest comfortably on the floor when sitting. If you've visited other campers, you'll realize just what a pleasant difference this makes.

G. Coleman's bed supports are permanently attached to the Conestoga™ wing beds. To set up, simply pull out the bed.

GIVE ME A LIGHT!

Pitch blisters found on Balsam fir trees makes an excellent fire starter. Just cluster them together onto bark or the tiny dead branches of the same tree, light and bring on the fish!

“

Having the outside stove on our Sequoia[®] is like tent camping without a tent ...only better!

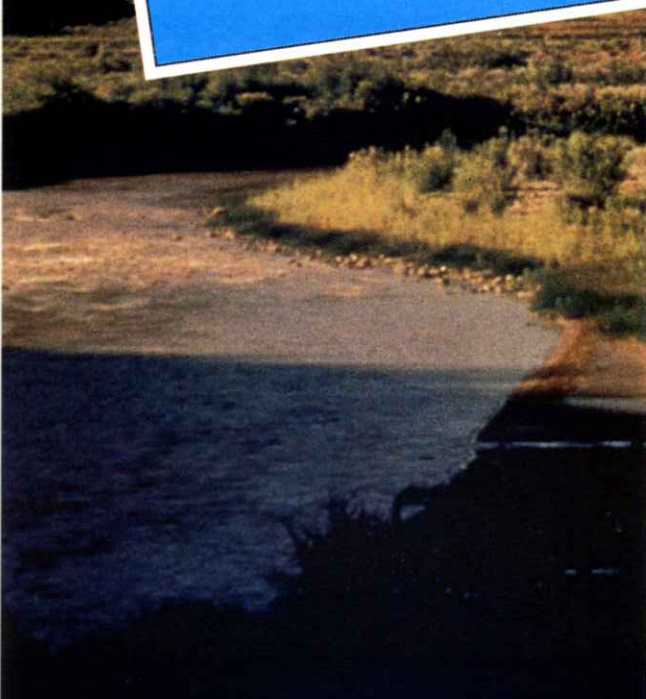

R. J. Baumgartner
Greenbelt, Maryland

”

THE COLEMAN[™] AMERICANA[™] SERIES

Get close to the great outdoors in comfort. The Coleman Americana Series provides an array of quality features for luxurious living *anywhere*: Plush 4" thick mattresses, exclusive Swing-Level[®] galley and 3-burner stove, the Coleman Convertible[™] ice chest, lined draperies, beautiful fabrics and much, much more.

Examine the individual features to be found on various models and choose the Americana best suited for your family. Any Americana you select will provide the convenience and performance you expect from Coleman—the most respected name in the great outdoors.

The Williamsburg® enclosed tub/shower provides all the accommodating clean-up comfort of home.

Talk about convenience! The Sequoia® features an outdoor stove, too! Simply slide the high-efficiency 20,000 BTU unit out of the side panel and you're all set for quick outdoor cooking at the campsite or on the way.

“
No bothering with boxes to pack and unpack kitchen items. The Swing Level™ galley lets you keep cupboards fully packed.
”

Clint Courtney
Brooklyn Center, Minnesota

”
LIME-AID
The juice of a cut lime will stop mosquito and other insect bites from itching.
”

“
Our Williamsburg® is exactly what we wanted...affordable quality you can see.
”

Edward Eberts, Jr.
Ashville, Ohio

Coleman's exclusive Swing Level® galley is found only in Americana™ Series trailers. Stove, sink and spacious storage cabinets are all in one place; you simply lift the handle and you're ready to cook!

The Americana™ combines the great outdoors with the comforts of home. The interiors are designer coordinated in colors and fabrics of the finest material. Only the best in polyesters, olefins, polished cottons and a new material of 100% Marquésa® Lana upholstery yarns are used. All fabrics in our new interiors exceed upholstery standards by at least four times. Americana™ drapes are quality finished with a full backing.

Queen-size bed and double bed, with plush 4" thick mattresses, make the end of the day a welcome time.

Convenient outside storage on the Laramie™ for those items needed while traveling.

1987 COLEMAN CAMPING TRAILERS

“

Even though John is 6' 6", he sleeps comfortably in the queen-size bed.

Mrs. John Perry
Arlington, Texas

”

CAUTION!

Never use river rocks for your campfire liner. They can explode from the steam trapped inside.

“

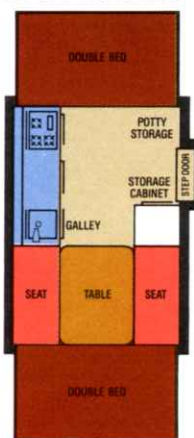

It tows so light and low—it practically rides along for free!

Nolan Hancock
Lenoir, North Carolina

”

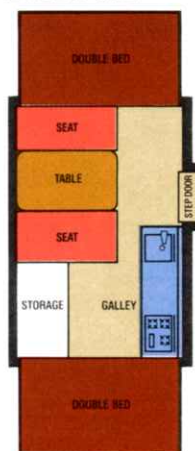

The Americana™ Series

SUN VALLEY®

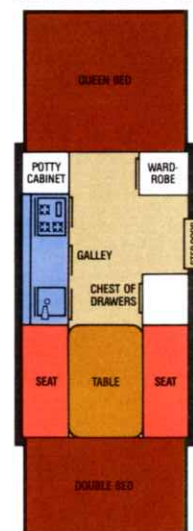

- Sleeps six
- Two double beds
- Three-burner stove
- Wardrobe rack
- 10" tires
- 895-lb. base axle wt.*

LARAMIE™

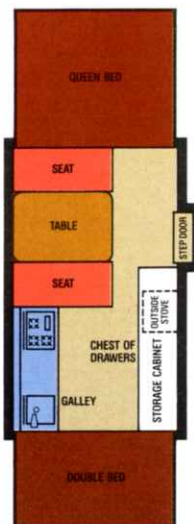

- Sleeps six
- Two double beds
- Side dinette
- Outside storage access
- 10" tires
- Wardrobe rack
- 895-lb. base axle wt.*

* For explanation of "base axle weight," see back page.

“

Our 4½-year-old cranks up our Shenandoah® — the lift system's that easy!

Mark Truman
Thousand Oaks, California

”

MIRACLE WORKER!

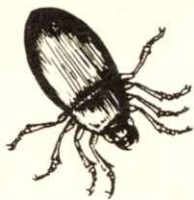

Baking soda will deodorize sink tops as well as coolers; great for scrubbing cutting boards, counter tops and sinks; helps to relieve itching from insect bites or poison ivy or even sunburn when made into a paste with water; relieves acid indigestion and also makes a good tooth powder.

“

*We've been
Coleman people
for 29 years.
You stick with
what's good.*

Ernest J. Langstone
Babylon, New York

”

**THIS WILL
TICK YOU OFF!**
The best way to
remove ticks is to
cover them with
petroleum jelly.
After a short
while they will
suffocate and fall
off.

“

*In twenty
minutes, I'm
all set up
and ready to
go hunting.*

Richard Andruchuk
Providence, Rhode Island

”

THE COLEMAN PIONEER SERIES

The Coleman Pioneer Series offers features you expect to find only in more expensive campers. And, "Coleman features" you couldn't find in others at any price. The three distinctive models all offer 6' 5" headroom; a 36"-high galley complete with stove, cover, splashguard and water tank; freestanding dinette table and hard-backed cushions that convert to a comfortable bed. And Pioneer trailers also feature the unique Stepper™ door with deadbolt lock, Stepperlite™ and one-piece aluminum screen door with automatic return. Plus such bonuses as clear vinyl windows, dome light, power converter and many more built-in extras. Get economy and efficiency without sacrificing quality and convenience—get more out of camping—step up to the Coleman Pioneer Series.

“
My wife
loves the way
our Coleman
camper tows.
We got our
money's worth.”

Troy Cooner
Jay, Florida

“
THINK SMALL
Hang onto those
empty 35mm film
containers!
They're great for
storing matches,
small fittings,
dead bugs,
whatever.”

Coleman quality means economy with elegance! Pioneer® Series trailers feature the same craftsmanship, dependability and easy-to-live-with comfort Coleman is famous for throughout the world.

The Chesapeake® side dinette provides an added measure of hominess, and makes serving, seating and eating cheerful and convenient for the whole family.

Sturdy, as well as beautiful, these spacious oak wood finish metal cabinets provide plenty of storage room right where you want it.

Drapery fabrics* are use-enhanced by a "no-show-through" vinyl backing for complete privacy anywhere.

Coleman-designed screening lets in the slightest breeze while keeping out the smallest gnat.

“
The heaviest
rainstorm
hit us, but we
stayed cozy
and dry in
our Columbia.™

William Breuer
Filmore, New York

1987 COLEMAN CAMPING TRAILERS

Air Conditioner

Keep cool on the hottest days. This roof-mounted air conditioner mounts on all 9-ft. and 11-ft. Americana™ Series trailers. For mounting on Pioneer® Series, see your authorized Coleman dealer.

Gas Bottle Cover

Protects the propane container and valves from dirt, road spray and the elements.

Privacy Curtains

Create a "private" room with these attractive, lined curtains.

Overhead Storage Cabinet

Provides extra space that comes in handy.

Vanity Board

Includes large mirror, shelf, towel rack, cup dispenser and toothbrush holder.

Heavy-Duty Storage Bumper

Now! An ideal spot for fishing rods!

Spare Tire Mount

Provides more trunk room in your car. For Pioneer® Series only.

Spare Tire Cover

Looks neat and protects your spare tire.

Boat/Luggage Rack

Secure a boat, canoe or extra luggage with this handy rack. It distributes the weight evenly over the trailer for driving safety, with virtually no appreciable difference in the camper's economical "one extra gallon per hundred miles" towing mileage.

Stove Bracket, Stove and Grill

Generate 20,000 BTUs of outdoor cooking power. This unit attaches to the outside of the trailer. The stove is standard on the 1987 Sequoia®; optional on all other models.

Rear Mount Bike Rack

This rear-mounted bike rack leaves the camper top clear for mounting air conditioner or other top-mounted accessories.

3-Way Refrigerator

This unit is completely portable. It keeps foods fresh and supplies your ice. Operates on AC/DC current or LP gas.

Furnace

Choose from a 12,000 or 16,000 BTU forced air furnace to extend your camping seasons. Keep warm on chilly nights and frosty mornings.

Bicycle Rack

Take along your bikes. This rack mounts on the top of the trailer and carries two bikes in the upright position.

Canopy and Screened Room Combination

Choose between burgundy and gray strobe pattern or the traditional brown and white striped pattern self-storing canopy. Add on the optional screened room for significantly increased enclosed living space.

America's Best Camping Value

THE COLEMAN COLORADO

*The Ideal Camping Vehicle for
the Down-To-Earth Outdoorsman*

The Colorado offers the fun and feel of tenting in the comfort of a dependable Coleman camper. Its unique design—comparable to a modern dome tent—provides a surprising amount of space; enough to sleep four adults on high density foam mattresses. And, the Colorado features a built-in canopy, portable dinette table and huge, 600-lb. cargo capacity.

Only 515-lb., base axle weight, the Colorado affords a new dimension in outdoor adventure with its enclosed eating, sleeping and relaxing comfort. Best of all, *it's a Coleman!*

Easy to tow, a snap to set up and super comfortable to sleep in, the Colorado® is a whole lot of camper for a surprisingly low price.

And, best of all—it's quality crafted by Coleman, all the way through.

Simply roll back the tarp...

Raise and secure the canopy bow...

And pull out the bed. It's up!

This handy stove shelf accessory makes a perfect spot for mounting your Coleman outdoor stove.

Experience Quality Living
and Luxurious Campability

THE COLEMAN™ PLANTATION SERIES

A new dimension in camping excellence; elegance, combined with every convenience and creature comfort, make the Coleman Plantation Series, Tara® and Savannah® models truly special and unique. Roominess, style and Coleman quality make them something you have to see to fully appreciate. Get all the details in the beautiful, new Plantation Series brochure from your authorized Coleman Dealer.
