**FEBRUARY 17, 1992**

---

**SUBJECT: GRANDVIEW DINETTE BENCH AREA**

---

A change has been incorporated into the Grandview model folding trailer pertaining to the dinette bench area.

The roadside dinette bench has been enlarged, width wise, to accomodate a larger seating area.

To enlarge the roadside dinette bench, it was necessary to eliminate the partition in the outside storage area. Outside access on the roadside panel will now enable you to remove stored items within the roadside bench storage area similar to that on the curbside.

This change will go into effect beginning with the production date of February 17, 1992 and start with serial number 04840 (last five digits).

Changes such as these are made to satisfy both the dealer and our retail customers.

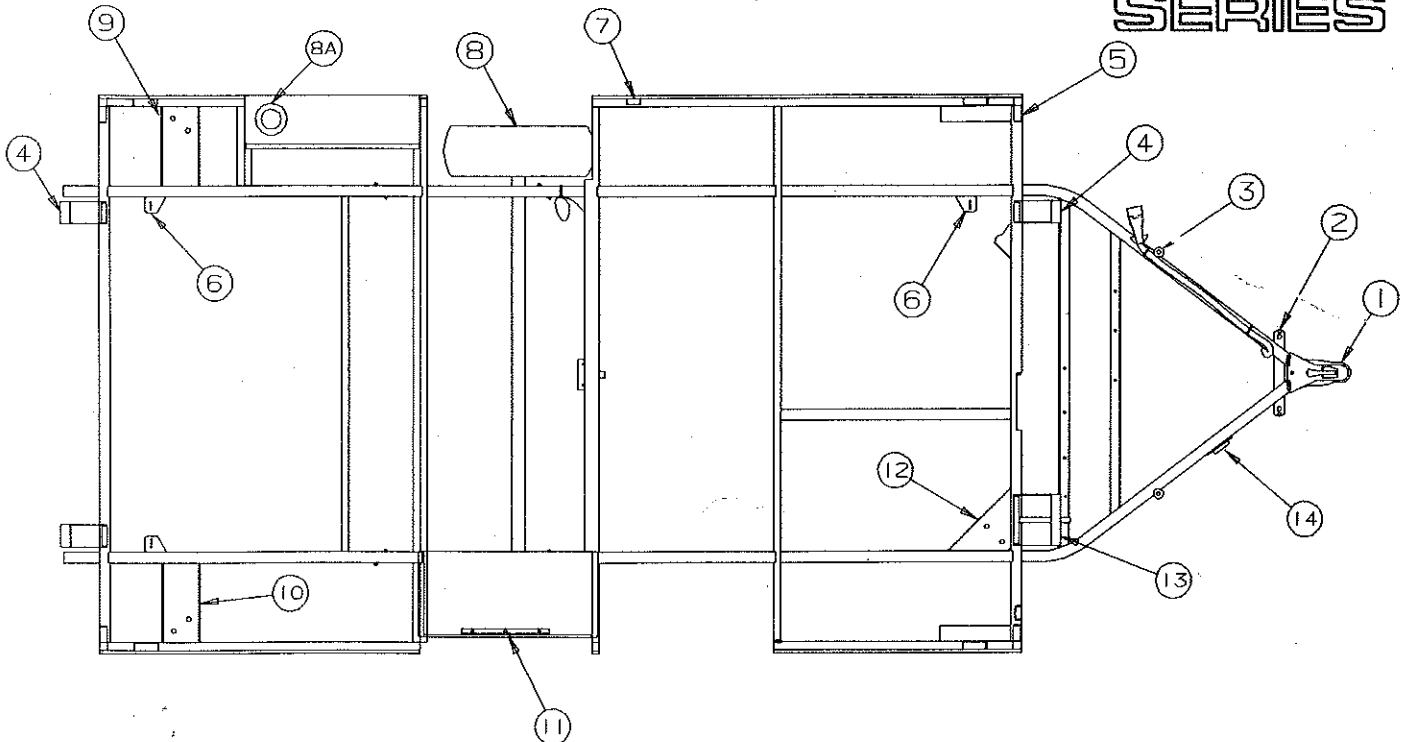

Please make all service and sales personnel aware of this change.
