# Coleman® Folding Trailers Offer You a Lifetime of Memories...

Whether you are a veteran camper looking to upgrade or are just starting out. We can help take the hassle and confusion out of finding the best value in a folding trailer. We provide you with the selection and choice of products you need and all the support you expect. We recognize that when you invest in a Coleman Folding Trailer by Fleetwood, you're investing in your family.

We respect the investment you're making when you decide to purchase our product and we take our responsibility seriously. Have a look at the different models and features we have to offer you in 1997...from our family to yours.

*When pioneers pressed westward for land and opportunity, they left their homes and packed all they would need for the journey. Those were difficult times and those who were not prepared were unsuccessful, but for those*

*who were, their dreams became reality.*

*While we no longer pack up and venture into nature's unknown out of necessity, we are still inspired by the pioneer spirit we have*

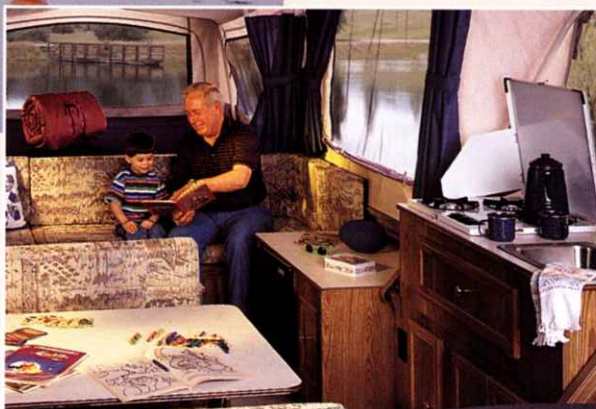

*inherited from our ancestors. That same pioneer spirit remains inherent in all of us. The value of enjoying time with family and friends in the great outdoors. A value that has been a Coleman tradition since 1900.*

*Magic moments that will last a lifetime...*

*Always a spectacular view from your bay window...*

*Enjoying time together in our new Sun Ridge...*

## Customer Satisfaction... Not Just a Saying, but a Commitment

Fleetwood's commitment to customer satisfaction is measured through our Circle of Excellence Customer Satisfaction Program, where each purchaser of a Coleman Folding Trailer is contacted after six months of ownership to insure our product is providing a satisfactory service and meeting our customer's expectations.

**"...Our Coleman® folding trailer opened our eyes to a world of choices we never knew existed..."**

"Looking back when we bought our first Coleman folding trailer, we didn't realize then how close together it would bring us. I guess it all came down to the fact that our Coleman folding trailer gave us choices.

Weekends became something we anticipated more than ever! We had grown used to renting videos, going out to dinner and a movie, but our Coleman folding trailer opened our eyes to a world of choices we never knew existed!

We would go up to the mountains or out to the lake and the view from the bay window was always spectacular. The trailer is so easy to hook up, we leave most of our gear in it so we can be ready to go at a moment's notice.

Now we have two children...Mark, 7 and Heidi, 11. We thought we had discovered all there was to do with our Coleman folding trailer, but our children showed us uses we had never thought of..."

# GRAND TOUR SERIES

## Experience the Best with the Grand Tour Series...

The comfort and convenience of our new 1997 Grand Tour Series is evident from the moment you see it...from its exterior design and good looks to the extra roominess of the interiors and comfort of the large king-size beds.

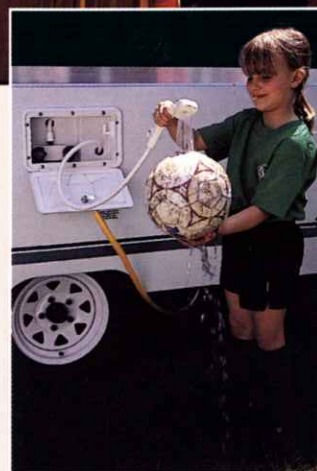

Wherever your travels take you, you'll have the time-tested quality and reliability of a Coleman Folding Trailer by Fleetwood. Get ready for the most enjoyable travel companion your family has ever experienced!

*Plenty of room for the entire team in our new Niagara...*

*An oasis from the heat of the game with the help the optional canopy...*

*This page features our Niagara model.*

*Quick and easy clean-up after the game...*

*All the conveniences of home...*

Last minute gift wrapping in our new Key West...

Inside access to the storage trunk...

26 cu. ft. storage trunk holds everything from bikes to lawn chairs...

A great place for a party. There are plenty of ways to use the camper with the whole family...

**CAMP**

For safety, large fires are not needed for cooking. It's much easier to control cooking temperatures with hot coals.

**TIP**

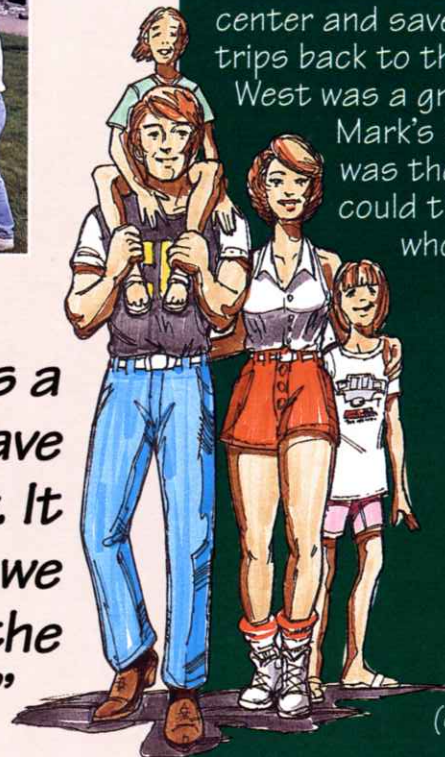

Built-in cassette potti...

**“Our Key West was a great place to have Mark’s birthday party. It was the best gift we could think of to give the whole family...”**

This page features our Key West model.

“Heidi asked if we could bring the trailer to her soccer games! We took it along and parked it right by the field. At half-time we served lemonade to the team. It was a big success, in fact, the other team’s coach came over to ask about our Coleman folding trailer! He was still thinking about purchasing one...even after Heidi scored the winning goal!

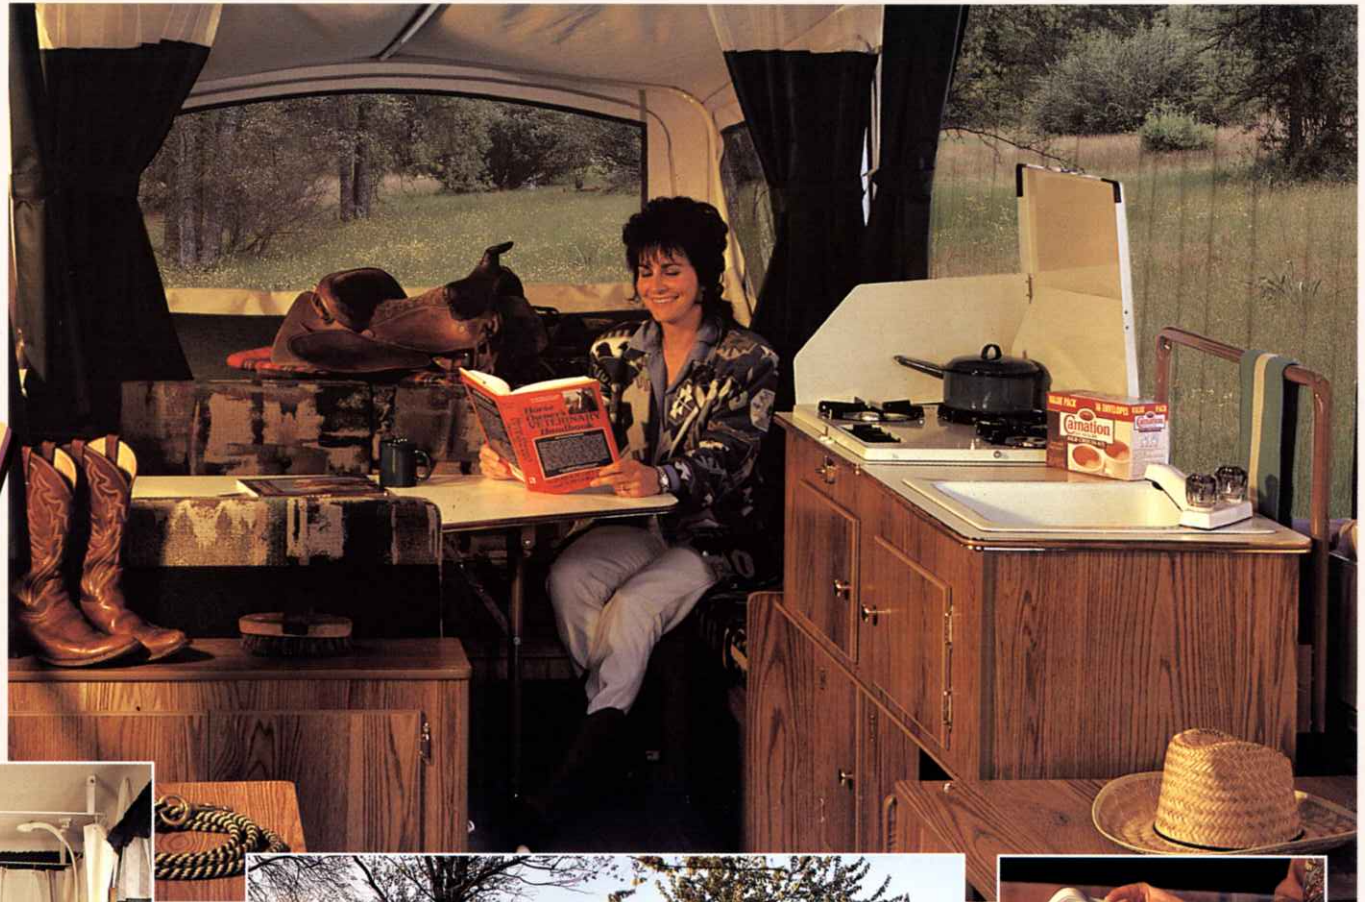

On Mark’s eighth birthday we set up the trailer in the back yard so the children would have a place to hang out and get refreshments. It also served as a food center and saved us countless trips back to the house. Our Key West was a great place to have Mark’s birthday party. It was the best gift we could think of to give the whole family.”

(continued on page 7)

# Camping in Comfort with the Destiny Series...

**O**ur new 1997 Destiny Series combines convenient features, good storage and comfort you'll appreciate at a price you can afford.

**CAMP TIP**  
Freezing water in cardboard milk cartons before a trip makes convenient small blocks of ice

*Our Westlake is a great place to relax after a day on the trail...*

DESTINY SERIES

*Convenient shower and cassette toilet with plenty of hot water...*

*A bunkhouse you can take on the road...*

*This handy outside shower is great for quick clean-ups...*

*This page features our Westlake model.*

Convenient and transportable food storage...

Plenty of space to relax makes camping that much more enjoyable in our new Sea Pine...

**“...sharing these memories is something we’ll all enjoy for the rest of our lives...”**

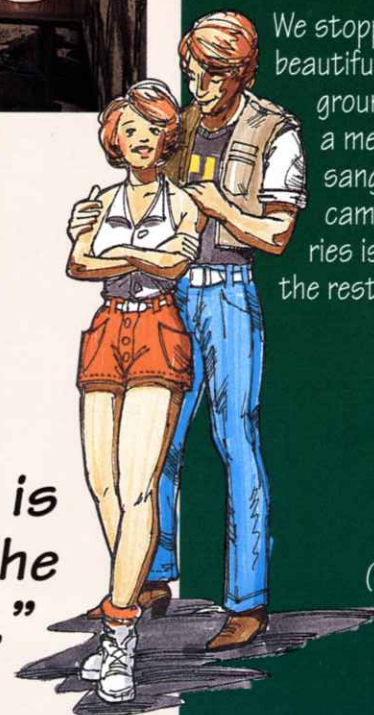

This page features our Sea Pine model.

We had both grown up in an area where animals, like horses, were common and felt that the experience of being raised closer to nature had enriched our lives. It's part of what brought us together – that common thread of enjoying the great outdoors.

We didn't want our children to grow up without experiencing the same things that enriched our lives. So we packed up one spring day and took Heidi and Mark out to visit nature.

One morning, we found a farm that rented horses and we took the kids on a day trip, covering more ground than we ever could have on foot. It made our hearts swell with pride to see them learn respect for the things we've held dear for so long.

We stopped off at this incredibly beautiful, secluded little campground. That evening we enjoyed a meal cooked outside and even sang a few songs around the campfire. Sharing these memories is something we'll all enjoy for the rest of our lives.

## Optional Destiny Value Pack

- Two Sets of Privacy Curtains
- Vinyl Gas Bottle Cover
- Spare Tire Cover
- Step

Lightweight, free-standing portable dinette table can be used anywhere.

\* Built-in ice chest or optional refrigerator offers plenty of food storage.

\* Exclusive, seamless one-piece, ABS, crowned roof with Luran® S is strong, durable and will not leak...ever! (except on Taos or Laredo models).

\* Clear vinyl windows for a brighter interior on overcast days, plus fine mesh screening to keep even the tiniest bugs out.

\* Simple, dependable stainless steel lifter system features a Posi-Lock crank and self draining lifter arms that won't rust or bind.

\* Exclusive two-stove cooking convenience on Grand Tour Series and single inside/outside transportable stove on Destiny Series models.

Automotive-style double sidewall construction allows body panels to be easily and inexpensively replaced if damaged.

Water hold-down for hands free use.

Exclusive Krystal-Kote® finish aluminum side body panels that resist scratching and marring.

\* Spacious upper and lower storage in both the Swing-Level® galley in the Grand Tour Series and Fold Over galley in the Destiny Series.

ABS impact resistant plastic front and rear body panels for protection from road gravel and debris.

\* Sunbrella® 302 acrylic tenting fabric is highly breathable and will not crack, mildew, dry rot, fade or leak.

Underfloor water storage on all Grand Tour Series models frees up valuable interior storage space.

\* Seamless one-piece Structurwood® beds have full perimeter aluminum frames to prevent warping and provide easy setup without binding. (All beds tested to 1,000 lbs. except Taos & Laredo models tested to 750 lbs.)

Seamless, polyethylene wheel wells that won't rust or allow water or dust to enter the trailer.

High density, environmentally safe Enviro-Cure® seat and bed cushion foam provides lasting support and comfort.

\* Exclusive slipper-leaf spring suspension system adjusts itself to the weight of the trailer load and distributes road stress over a wider area of the frame for safety and dependability.

\* Permanently attached bed supports that can't be lost or misplaced.

Wheels are attached with 5 lug nuts for added safety.

\* Exclusive self-storing Stepper™ door is extra wide, sturdy and safe (Destiny series offers optional slide-out self-storing step).

\* Full perimeter tubular steel frame offers greater strength and durability plus protects trailer wiring from road debris.

\* Feature detailed on pages 12-13.

\* Seamless, one-piece Structurwood® flooring provides a strong, consistently level floor that won't warp or delaminate, plus offers a stable underlayment to keep your vinyl floor looking good.

\* Exclusive wide, one-piece aluminum screen door with automatic spring return (Grand Tour Series offers full-view/ventilation screen door). (Door not shown)

\* Exclusive self storing swing-up tongue dolly jack with permanently attached wheel.

*Offering the Best Features and Construction Available...*

**The Coleman® Folding Trailer Advantage!**

**CAMP TIP**

When setting up camp, make sure the area will drain properly in case of rain, choose a treed area to form a wind break in windy conditions, choose an open area to let breezes in during warm conditions.

## Protection For Those Not-So-Sunny Days

**Sunbrella 302® Acrylic Tenting**  
Is resistant to cracking, dry rot, mildew, fading and abrasion. It's highly breathable so it won't trap heat, moisture or odors.

The tenting is assembled using continuous double needle stitching and double lap-fold seams to prevent unraveling and provides a watertight seal.

**Stainless Steel Lifter System**  
Each lift arm extends through the trailer sidewall and is attached to the frame. This allows water to flow freely through the arm and onto the ground.

**Exclusive One-Piece Seamless Roof**  
Two ABS panels with an injected foam center provide strong, durable protection against all elements, no matter how severe.

The urethane foam insulation provides a heat barrier during hot summer days and a noise barrier during driving rain.

The roof is crowned in the center creating a natural water flow to rain gutters located on both sides of the roof to carry water away from the door.

**One-Piece Screen Door**  
The screen door provides a tight, secure seal along the tenting sides and trailer walls to prevent leaking or insects from entering.

**Angled Bunk Ends**  
The tapered Conestoga-style bunk ends combined with the exclusive fine mesh screening allow you to keep end windows open even during rain storms for good ventilation.

# Standard Coleman® Features Provide You with Comfort and Convenience...

## STANDARD QUALITY FEATURES

**Most Dependable Lift System in the Industry with a Limited Lifetime Guarantee!** Heavy gauge, stainless steel lifter arms will not rust or bind and run straight through the trailer's double side wall attaching to the side of the frame. This allows water to flow completely through onto the ground, eliminating the need for protective lift arm covers.

**The Strongest Roof in the Industry with a Limited Lifetime Guarantee!** The exclusive, patented one-piece ABS roof with Luran® S is guaranteed not to leak...ever! It's extremely strong, durable design protects against all types of harsh weather, including damaging hail. (Photograph for demonstration purposes only to show roof strength, cargo capacities for specific models are listed on pages 8 & 9)

**The Number One Outdoor Fabric in the Industry with a Limited 5 Year Guarantee!** Sunbrella 302® fabric's unique breathability demonstrated with a bubble machine (upper left photograph) allows air, humidity and cooking odors to escape while keeping rain out. The fabric will not crack, mildew or dry rot, plus it's extremely strong and durable.

The clear vinyl windows provide a clear, unobstructed view, even on cloudy days. Plus, the fine mesh screening lets in the slightest breeze while keeping the smallest insect out.

The tenting is assembled using continuous double needle stitching and double lap-fold seams to prevent unraveling and provides a watertight seal.

Crank down stabilizers make leveling your trailer fast and easy.

Self-storing swing-up dolly jack with permanently attached wheel makes set-up and tear-down quick and easy.

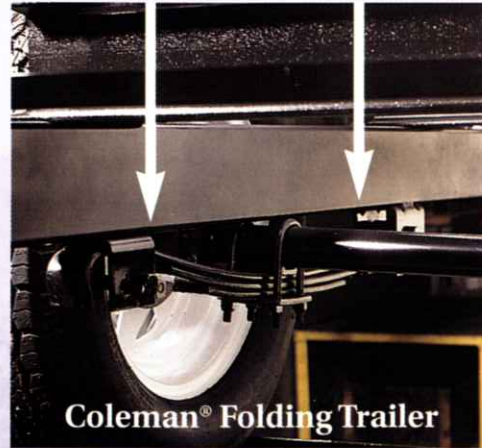

A fully stocked galley is easy when "there's a place for everything", and everything is in its place. Both Coleman® series offer spacious, full upper and lower galley storage. (Grand Tour Series Swing Level Galley shown here).

**45%**  
of Load

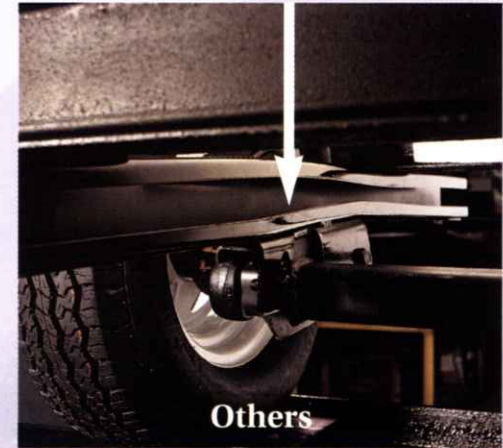

**45%**

(Remaining 10% of load on tongues of trailers)

**90%**  
of Load

Coleman® Folding Trailer

Others

**The Strongest Frame in the Industry with a Limited Lifetime Guarantee...Plus a More Rugged and Dependable Suspension System!**

The Coleman® full perimeter tubular steel frame combined with a leaf spring suspension offers greater strength and durability over torsion axle systems. The Coleman system adjusts itself to the weight of the trailer load and distributes road stress over a wider area of the frame providing greater towing stability. (Test performed by an independent testing & research laboratory.)

**The Sturdiest Bed Support System in the Industry!** Seamless, one-piece beds with full perimeter aluminum frames prevent beds from warping and binding to make set-ups quick and easy. Plus, with the permanently attached bed supports bunk ends can support up to 1,000 pounds (750 pounds on Taos and Laredo).

Cooking is easy... inside or out! The Grand Tour Series comes with two stoves, a high pressure stove shown here and a permanent stove on the inside galley. The Destiny Series comes with a transportable stove that can be used inside or out.

One-piece screen door is easy to set in place and is extra wide for easy access, plus has an automatic spring return so you can't accidentally leave the door open. The Stepper™ Door featured on the Grand Tour Series provides a wide, sturdy and easy access to the trailer.

**CAMP TIP** Vegetables wrapped in aluminum foil with two tablespoons of water will cook in about 15 minutes over hot coals.

# ACCESSORIES

## Natural Additions to Your Outdoor Adventures...

The optional bunk bed in the **Grand Tour Series Key West** model for when the kids want to bring a friend.

Large three-way refrigerator has adjustable shelves and space for large 2 liter bottles, plus operates on LP gas, 120V or 12V power supplies.

Protect your LP gas bottle from road grime, while adding the finishing touch to the front of your camper with an ABS (**Grand Tour Series**) or vinyl (**Destiny Series**) cover. Optional battery tray and case shown with ABS gas bottle cover (battery not included).

Privacy curtains feature top netting to allow unobstructed heating and cooling air circulation. Portable bed light offers convenient lighting for night-time reading.

Keep cool this summer with roof mounted air conditioning. (See your dealer for proper sizing and BTU requirements).

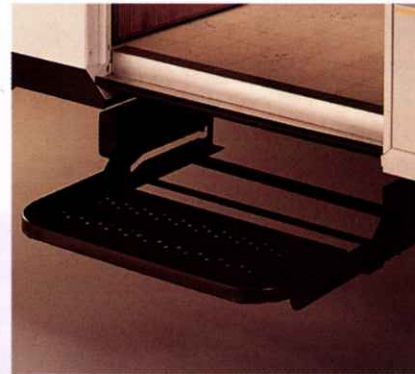

Exterior bunk-end hideaway provides attractive looking privacy for bikes and extra camping gear.

Pedestal table in the **Grand Tour Series Sun Valley** only, provides additional dining space.

Double your living space with the complete enclosure **Add-A-Room** featuring fine-mesh screening, privacy panels, and heavy duty hardware. (See page 4 for optional canopy).

This rugged self-storing step provides easy access to any **Destiny Series** trailer.

Protect your spare tire from road grime and harmful UV rays, while adding the finishing touch to your camper with an ABS (**Grand Tour Series**) or vinyl (**Destiny Series**) cover.

A genuine **Yakima**® roof rack gives you the option to take it all with you with the available canoe straps, bike carrier, and cargo basket.

This convenient fold-up wardrobe rack provides extra space to hang clothes (available only on ABS roofs, optional wardrobe rack also available for **Taos** and **Laredo** models).

Energy efficient LP gas forced-air furnace, with electronic ignition, provides 16,000 BTUs of heating comfort.

Halve an orange and eat the fruit, keeping the skins intact. Then crack one egg into the empty half with a pat of butter, salt and pepper. Place on hot coals and cook.

TIP

Our lives haven't been the same since we purchased our Coleman<sup>®</sup> Folding Trailer. We have the option to go out and share the same experiences with our children as we enjoyed. Almost all our weekends are packed with fun plans. Whether we're camping in a far away place, or taking the trailer into the back yard for a summer birthday party, we always have a great time.

There are so many choices that we have now, we'll never run out of exciting places to go and fun things to do.

Our family has grown closer together and I'm very grateful for that!

We are doing our part for the environment by printing this brochure on recycled paper.
