FLEETWOOD FOLDING TRAILERS, INC. INSTALLATION INSTRUCTIONS

1968E376 June 2001

PART NUMBER: 4758-1111 READING LIGHT/FAN COMBO

NOTE: These instructions are for use on all 1996 to 2002 models.

DIRECTIONS FOR USE:

- 1. To use in one of the bed ends:
 - A. Plug the reading light/fan jack into the jack plug on the interior dome light closest to the bed in which you wish to use the reading light.
 - B. To use the reading light, attach the single C-clip to the overhead canvas support rod. To use the fan, attach the double C-clips to the overhead canvas support rod.
- 2. To use the glide-out dinette or the tip-out galley (on models so equipped):
 - A. Plug the reading light/fan jack into the jack receptacle mounted on the interior of the roof near the glide-out dinette area or the tip-out galley area.
 - B. To use the reading light, attach the single C-clip to the overhead canvas support rod. To use the fan, attach the double C-clips to the overhead canvas support rod.
- 3. Prior to closing the trailer, be sure to unplug the reading light/fan and remove it from the overhead tent support.
