Scroll for tutorial

What you'll need:

15/0 Round Seed Beads, One Color

11/0 Round Seed Beads, Three Colors

8/0 Round Seed Beads, Three Colors

2.5mm Fire Polish Rounds, Qty 8 (substitution: 8/0 triangle)

3mm Fire Polish Rounds, Qty 20 each of two colors

4mm Fire Polish Rounds, Qty 8, one color

2 TierraCast Crescent Crimp Ends

2 Ear Wires

EG000 or Zap Glue

Fireline 4lb

Beading Needle

Thread snips or thread burner

Ladder Stitch together ten
stacks
of two 15/0 seed beads

Now, using Herringbone Stitch Technique,
Complete the following rows:

Complete Rows 1 -3
with 11/0 seed beads

Complete Rows 4-6
with 8/0 seed beads

Begin Row 7 with 3mm fire polish beads. On the step up, pick up one, 8/0 seed bead. Continue Row 8 with 3mm fire polish, adding one 8/0 bead between each column, as shown.

Begin Row 8 with 3mm fire polish beads. On the step up, pick up one, 2.5mm fire polish bead. Continue Row 8 with 3mm fire polish,

adding one 2.5mm fire polish between each column.

Row 9 begins with two, 8/0 seed beads. On the step up, pick up one, 4mm fire polish bead.

Row 10: pick up three, 11/0 beads and stitch down through the 8/0 bead and the 3mm fire polish bead.

Stitch through the 4mm fire polish bead. Now stitch up

through the 3mm fire polish and the 8/0 bead. complete the next picot. Repeat three more times to the end of the row. Weave in thread and snip tail thread.

Apply glue to the inside of the crimp. Place the crimp over the top rows of the work. Using nylon jaw pliers, very gently compress and flatten down the crescent crimp.

Allow to cure per your glue manufacturer's instructions. E6000 does best with 24 hours.

Add your ear wires
and enjoy!

I would love to see your
creations!
