# OVER 20 YEARS OF EXPERTISE IN LIGHTING SOLUTIONS

Ledlenser, a German based company and LED pioneer, was started in Solingen, Germany by two ingenious brothers, Harald and Rainer Opolka. They were enthusiastic about the idea of harnessing the power of LED technology and bringing light to the darkest of situations or environments.

Our headlamps, flashlights and lanterns help to extend the day, allowing you to continue your activities before the sun rises or long after it sets. When you are in complete darkness we bring reliable high performance light in a powerful way. Safe and precise, persistent and flexible, and portable.

**At Ledlenser, we empower the world with light.**

# POWERUP

## GUARANTEED QUALITY

GERMAN ENGINEERING  
& DESIGN

At Ledlenser, we pride ourselves in superior quality in everything we do. From design all the way to manufacturing our product, we push the boundaries of innovation every step of the way.

All Ledlenser lights purchased from an authorized reseller are backed by a five-year warranty. An additional two years can be added to this warranty – seven years in total – if the user registers their product. Each light comes with a product registration card and unique product code. The user can simply scan the included QR code on the product registration card and follow the prompted instructions or enter the URL on a web browser. Once the product information has been entered on our website, the warranty becomes a full seven-year warranty.

<sup>1,2</sup> Information on the back

# NEO1R

- 01 – **Extremely Lightweight:** Weighs only 1.4 oz
- 02 – **Reflective headband:** Provides 360° visibility
- 03 – **Rechargeable:** Save money, batteries and reduce environmental impact
- 04 – **Magnetic Charge System:** Safe reliable charging that is quick and easy to use
- 05 – **Red light mode:** Helps to maintain night vision in the dark
- 06 – **Front Switch:** A switch on the front of the head lamp for easy control
- 07 – **Transport Lock:** Will not turn on accidentally and use up battery
- 08 – Multiple color options

## A GREAT COMBINATION OF LIGHTWEIGHT AND POWER

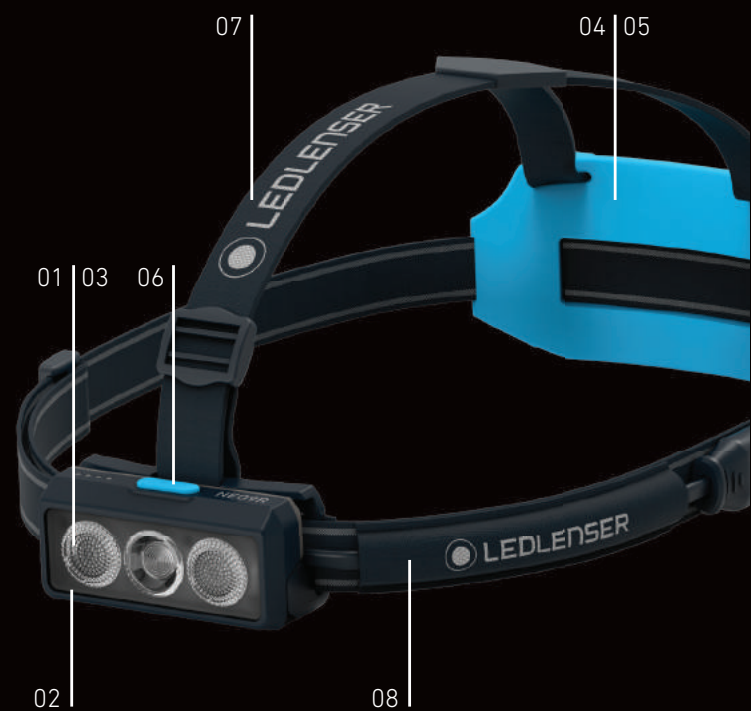

# NEO 9R

- 01 – **Powerful Light:** Outstanding light image and up to 1200 lumens
- 02 – **Lightweight:** Weighs only 7oz
- 03 – **Fusion Beam:** Multiple adaptable light sources provide perfect separated short-range and long-range illumination at all times
- 04 – **Magnetic Charge System:** Safe reliable charging that is quick and easy to use
- 05 – **Rear Red Light:** Provides added visibility to be seen from afar
- 06 – **Front Switch:** A switch on the front of the head lamp for easy control
- 07 – **More comfort:** Removeable overhead band
- 08 – **Reflective headband:** Provides 360° visibility while running
- 09 – **Flexibility:** Additional chest band for more options

The information pertaining to package contents, appearance, performance, dimensions and weight corresponds to the information available at the time of publication. In the interest of product development, we reserve the right to change package contents, appearance, design and color without prior notice. Product images may vary from the actual products and may show optional accessories which can be purchased separately. Errors and misprints excepted.

1) Measurements according to ANSI FL1 in the respective setting. If no setting is explicitly named for a measured value, the values for luminous flux (lumens/lm) and luminous range (meters/m) refer to the brightest setting and the values for the luminous period (hours/h) refer to the lowest setting. For „max. - min.“ range, in terms of luminous flux (lumens/lm) and luminous range (meters/m), the range from the brightest setting (first value) to the lowest setting (second value) is given. With regards to the values of the luminous period (hours/h), the range from the lowest setting (first value) to the brightest setting (second value) is given. A boost function (if available) can be used several times, but only for short periods. If the lamp has different energy modes, measurement is based on "energy-saving mode".

2) Charging time (in hours and minutes) may vary by power supply.

\*) Ledlenser has a non-transferable warranty. Ledlenser's warranty is conveyable to the end-use purchaser only through authorized Dealers and Distributors. No other warranty is expressed, implied or valid when purchased from an unauthorized third party. Five year warranty from the date of purchase, or seven years with online registration through our website. The warranty applies worldwide; legal warranty rights also apply. It covers defects in material and manufacture. Battery packs are guaranteed to work correctly for 24 months. This warranty does not cover products in the "Solidline" series, Ledlenser K1 and Ledlenser K2, as well as defective batteries, holsters, pouches, remote switches, color filters, imprints and surface coatings. The warrantor is Ledlenser GmbH & Co. KG, Kronenstr. 5-7, 42699 Solingen, Germany.
