CARE ADVICE

- Rotate the rug periodically to avoid uneven fading and wear. Avoid exposure to direct sunlight, as it will fade the color of the rug.
- When vacuuming, use the lowest setting on your vacuum cleaner and be sure the beater bar is removed. It is best to vacuum in the direction of the weave.
- Blot liquid spills immediately with a clean cloth. Spot clean as needed with a damp white cloth only; avoid excess water and cleaning products of any kind as they could damage or fade the rug.
- For larger, deeper stains, send the rug to a professional service with experience cleaning natural fibre rugs.

GENERAL INFO:

- Please unpack your rug within 24 hours of delivery. If you believe it was delivered damaged or faulty, you should inform us as soon as possible, preferably in writing; giving your name, address and order reference.
