## PAPER BAG BELL PENDANT

### CARE AND ADVICE:

- Our Paper Bag pendant lights come with 1.5m of flex and so the overall drop can be adjusted accordingly.
- The pendant kit is made of painted brass, aluminium and steel with a braided flex.
- The shade is made up of two parts: a cotton blend structured under shade and a 100% linen unstructured outer skirt.
- The metal elements should only be cleaned with a soft, dry cloth. Do not use polishes or abrasives. Switch off power to the fitting before cleaning.
- Both shade elements can be lightly dusted with a dry cloth or duster. No sprays or chemicals should be used. If the shade requires more comprehensive cleaning, please consult a professional upholstery or drapery cleaner for advice.
- As the outer skirt of the shade is 100% linen, it may require a couple of days once installed for any creasing that may have occurred in transit to drop out of the fabric. They are designed to have a relaxed look and the linen skirt can be repositioned to personal taste.

### GENERAL INFO:

- Please open and inspect your Products within 24 hours of delivery. If you believe a Product was delivered damaged or faulty, you should inform us as soon as possible, preferably in writing, giving your name, address and order reference. If you fail to promptly inform us of any issues with your order this may result in you losing any remedy.
- All intellectual property rights in designs are owned by Beata Heuman Limited.
