

OEUF LAMP (Base)

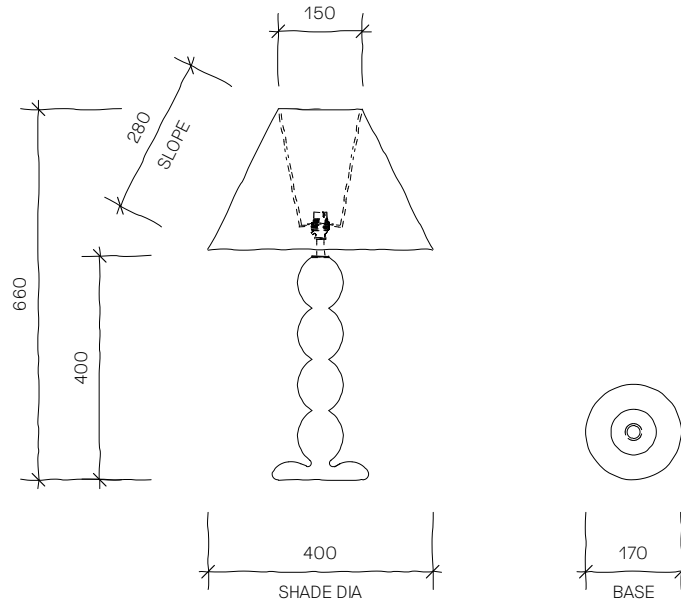

Code: SD_LB_OEU_01

Materially inspired by French plaster designs of the 1930's and characteristic of its namesake. The Oeuf Lamp takes references from the form, scale and fragile texture of a duck egg. Drawing on this concept further, the subtle dip in the lamp base is suggestive of an egg cup and saucer and adds refinement to the design.

Hand crafted by skilled artisans in Melbourne, Australia, the Oeuf Lamp was originally designed for a nursery and is now available with a selection of shades, each of which alter the overall look and feel of the lamp.

Please note, shades are sold separately.
