

## Heat Shrink Tube X-pattern non-slip 1 m x 20 mm red

### Description

This heat shrink tube by Delock can be used on a variety of items that require a non-slip grip, e.g. tools, fitness equipment, tennis rackets or fishing rods. Under the effect of heat, the sleeve completely encloses the grip and shrinks. This protects the grip from the effects of the influence of weather and mechanical damage.

### Application of shrink tubes

The heat shrink tube can be heated with a hot air gun; the hose shrinks to half of its original diameter when heated at a 2:1 shrinkage ratio.

Ø 20 mm / 1 m

### Specification

- Length: ca. 1 m
- Diameter: ca. 20 mm
- Non-slip
- X-pattern
- Shrinkage ratio 2:1
- Shrinking temperature: 70 °C ~ 125 °C
- Material: polyolefin
- Colour: red

### Item no. 19594

EAN: 4043619195947

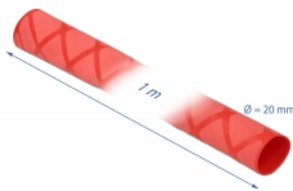

Country of origin: China

Package: Zip poly bag

### Package content

- Heat shrink tube
