

Delock Braided Sleeve made of nomex fibers 2 m x 10 mm white

Description

This braided sleeve by Delock is made of special nomex fibers and has an excellent temperature resistance, tensile strength, and abrasion resistance to protect sensitive cables, tubes and wires.

High flexibility and excellent resistance

The sleeve is characterised by its high flexibility and offers optimal thermal protection. The special fibers protect the cables and wires from flames, high temperatures and mechanical abrasion. The protective fiber jacket is oil and water repellent and offers an optimal resistance to most types of acids and alkalis.

Multifunctional application

This type of braided sleeve is mainly used in the electrical industry and in machinery systems.

Cutable

With the help of scissors, the length of the braided hose can be shortened individually.

Ø 10 mm / 2 m

Specification

- Length: ca. 2 m
- Diameter: ca. 10 mm
- Cable diameter:
 - min.: 7 mm
 - max.: 13 mm
- Operating temperature: -196 °C ~ 350 °C
- Fire-resistance rating: 94V-0
- Material: nomex fibers
- Colour: white

Item no. 20893

EAN: 4043619208937

Country of origin: China

Package: Zip poly bag

Package content

- Braided sleeving
