# Delock 19″ Keystone Patch Panel 24 Port rotatable black

Description

This Patch Panel by Delock can be mounted in a 19″ rack. The rotatable Keystone ports allow for an angled and space saving installation of cables. With its standardized dimensions, the panel is suitable for easy snap-in mounting of 24 Keystone modules.

Note

Behind the panel must be enough up and down space to allow the rotation.
Due to the narrow design only keystone modules up to max. 17.2 mm width can be used.

Specification

• 24 Keystone ports 19.2 x 14.9 mm
