

# Delock Cable protection sleeve 1 m x 21.2 mm black

## Description

This corrugated plastic conduit by Delock can be used to bundle exposed cables, electrical tubes or wires to protect them from dirt or damage.

### Excellent flexibility and resistance

The protective conduit is characterised by its high abrasion, temperature and chemicals resistance. In addition, the conduit has a high degree of flexibility to protect cables from excessive bending.

### Multifunctional application

Due to the robust design and flexibility, protective conduits are often used in installations, automation and machine systems.

Ø 21,2 mm / 1 m

## Specification

- Length: ca. 1 m
- Diameter: ca. 21.2 mm
- Reusable
- Flexible
- Protection class: IP68
- Environmental temperature: -40 °C ~ 125 °C
- Material: plastic
- Fire-resistance rating: 94V-0
- Colour: black

Item no. 60458

EAN: 4043619604586

Country of origin: China

Package: Poly bag

## Package content

- Protection sleeve
