

Delock Cable protection sleeve 1 m x 34.5 mm black

Description

This corrugated plastic conduit by Delock can be used to bundle exposed cables, electrical tubes or wires to protect them from dirt or damage.

Excellent flexibility and resistance

The protective conduit is characterised by its high abrasion, temperature and chemicals resistance. In addition, the conduit has a high degree of flexibility to protect cables from excessive bending.

Multifunctional application

Due to the robust design and flexibility, protective conduits are often used in installations, automation and machine systems.

Ø 34,5 mm / 1 m

Specification

- Length: ca. 1 m
- Diameter: ca. 34.5 mm
- Reusable
- Flexible
- Protection class: IP68
- Environmental temperature: -40 °C ~ 125 °C
- Material: plastic
- Fire-resistance rating: 94V-0
- Colour: black

Item no. 60460

EAN: 4043619604609

Country of origin: China

Package: Poly bag

Package content

- Protection sleeve
