

Delock Adapter DisplayPort female to USB Type-C™ male (DP Alt Mode) 4K with PD 85 W

Description

This adapter by Delock enables the connection of a **USB Type-C™** (DisplayPort Alternate Mode) monitor to a free DisplayPort interface of a PC or laptop.

Ideal for portable USB-C™ monitor

The adapter allows the connection of a **portable monitor** to an DisplayPort interface and power the monitor at the same time. Therefore it is required to connect a power supply to the adapter, which corresponds to the input power of the monitor.

USB Power Delivery (USB PD 3.0) support up to 85 watt

The adapter has a **USB Type-C™ Power Delivery port**. If a power supply is connected to this port, the device which is connected to the USB-C™ male port will be charged with up to 85 watts during operation.

Item no. 61059

EAN: 4043619610594

Country of origin: China

Package: Retail Box

Specification

- Connectors:
 - Input:
 - 1 x DisplayPort female
 - 1 x USB Type-C™ female (power supply)
