

Delock USB Gooseneck Microphone with base and mute + on / off button

Description

This **USB microphone** by Delock can be used for **voice and vocal transmissions**. The rubberized base provides a non-slip stand and the **gooseneck** allows the microphone to bend in the ideal direction. The LED ring and the green LED indicate operability and mute activation or deactivation by means of blue or red light. The Mute button mutes the microphone and the ON button switches it on and off.
