Delock RJ45 Cable Cat.6A U/UTP Fast Tracing 5 m

Description

This network cable by Delock can be used to connect different networking devices, e.g. a NIC to a switch or a patch panel.

Fast Tracing

The Fast Tracing function enables the cable to be identified quickly and easily. To do this, a flashlight, for example, is pointed head-on at one of the two connectors, the light is then transmitted via an additional optical fiber in the cable and the connector at the other end of the cable lights up. This way, cables and connections can be clearly and quickly traced and found in the office, in the industry or in data centers.

5 m

Item no. 80104

EAN: 4043619801046
Country of origin: China
Package: Zip poly bag

Specification

- Connectors:
  1 x RJ45 plug
  1 x RJ45 plug
- 1:1 connected
- Cat.6A specification
- Unshielded (U/UTP)
- Copper cable
- LS0H (halogen-free)
- Cable gauge: 24 AWG
- Cable diameter: ca. 6.1 mm
- Cable jacket material: PVC
- Colour: yellow
- Length incl. connectors: ca. 5 m

System requirements

- A free RJ45 jack

Package content

• Patch cable

General

Specification:	Cat. 6A

Interface

Connector 1:	1 x RJ45 male
Connector 2:	1 x RJ45 plug

Physical characteristics

Cable diameter:	6.1 mm
Conductor material:	copper
Conductor gauge:	24 AWG
Shielding:	U/UTP
Length:	5 m
Colour:	yellow
Cable jacket material:	PVC
