

Delock Safety Glasses with temples clear lenses

Description

These lightweight safety glasses by Delock impresses with their low **weight of only 22 grams**, which makes them comfortable to wear for longer periods.

Thanks to the **ergonomically shaped temples** and the shaped nose wing recess, these safety glasses offer a high level of wearing comfort with optimum coverage of the eye area.

Glasses bag

Stowed in the glasses bag, these glasses are safely protected from external influences, ideal for transport and always ready to hand.

DIN EN 166

In addition, these goggles are completely metal-free, offer a large field of vision thanks to their transparent design and comply with **DIN standard 166 F**.

Note

This Delock safety glasses comply with protection class DIN EN 166 F, is impact resistant and offer low energy protection (up to 45 m/s). Please use the glasses only at room temperature and replace them as soon as the glass is defective.
