This Week At CaptCan Comics

Another exciting week in comics has come and gone quicker than Quicksilver. There's so many geeky things going on, we're here to catch you up on all you might have missed!

A Note From Jayden

Another week! My buying spree continued this week, and I have piles & piles of great books to price up for the site. I tackled over 400 Four Color comics ranging from 1944-1962 earlier this week, and those are headed to the site tonight! I also prepped 1952-1967 runs of Adventure Comics and World's Finest, so those will be appearing tonight as well! Melissa & Derek have busted through more of last week's Spider-Man collections, for tonight! We are already working on next Tuesday's upload, and I have a few exciting purchases already on my schedule. I'll have more great books to share next week! Batman / Spawn has been informally announced by DC – we are getting LOTS of requests, and we will have them available for Pre-Sale as soon as concrete data has been shared from the publishers. Hopefully that will be this week! That's all I've got for now, be sure to check out the upload tonight & we'll see ya next week!
