This Week At CaptCan Comics

Another exciting week in comics has come and gone quicker than Quicksilver. There's so many geeky things going on, we're here to catch you up on all you might have missed!

Batman & The Joker Deadly Duo

We had the opportunity to chat with the LEGENDARY Marc Silvestri on his upcoming Black Label series *Batman & The Joker: The Deadly Duo*! In this mature 17+ story, Batman is forced to team up with the Joker to stop a common threat. Marc's Gotham comes alive in his unique art style that changes over the course of 7 issues to represent the ongoing conflict. Marc chose his own unique approaches to drawing the Batman and Joker, making sure that their presence on the page felt intimidating. He was also very excited about his version of Harley Quinn that he had a lot of fun writing! This new series also features the debut of a NEW VILLAIN...but he wouldn't tell us which issue. However, he did share that the art for all 7 issues was done and that this Black Label series will arrive on-time for a monthly release from November-May! This book is 7 years in the making, and it comes to FOC in two weeks! So make sure to RESERVE YOUR COPY!! This series looks like an amazing dark and gritty Batman tale, and is sure to be a HOT series!! Reserve your copies of the first two issues now on our website or app!

Giant Sized X-Men was originally put out by Marvel to set-up a quarterly series titled "All-New X-Men". This book is also the first appearances of the New X-Men, Nightcrawler, Storm and a few others. This MEGA KEY is definitely worth its price tag. We have a CGC 9.0 on consignment right now and you definitely don't want to miss adding it to your collection.
