### **A Note From Jayden**

Another week gone by!

Last week we bought nearly 20,000 books across a few collections – so this week we trucked through processing lots of them for the site! [Tuesdays upload](#) was chalk full of keys (5x New Mutants 98's and multiples of countless other keys) and great runs. A few big slabs went up too – ASM 238 CPV 9.8, GSX 1, etc. Tonight's is similar – with LOTS of

CPV's! Big keys to look for tonight include an ASM 129 and DD1 – I don't expect either to last long! If you missed the news, this week we partnered with 616 Comics to bring TONS of new exclusive variants for you guys – including FOUR that we JUST listed! This Sunday we are picking up a 17,000 book collection – COMPLETELY site unseen! Make sure to keep an eye on our socials for updates on how it goes!
