Details

LED Technology

This LED High Bay Light can produce the best glare-free lighting for places such as warehouses, parking lots, stores, lobbies, offices, homes and restaurants. The general lifespan of this product is 60,600 hours. It is created with a built-in heat sink that provides great heat dissipation to ensure the light's lifespan. This product also operates with an excellent color consistency with its LM-80-rated LED chips. This product is also friendly with the environment, as it doesn't produce mercury and UV radiations.
