WARRANTY

LED Up Down Light

Part Number	LOT-CL-9-4-CW
Lumen Output	2,070lm
Wattage	16 (9X2)W
Lumen Efficacy	115lm/W
CCT	3000-3500K, 4000-4500K, 6000-6500K
Beam Angle	15°/30°/60°/90°
Input Voltage	100-240Vac 50-60Hz PF 0.9
IP Rating	IP 65
LED Driver	Meanwell
Certification	UL, CE, PSE, SAA, RoHS

LED Technology

The Tall LED Cylinder Light is excellent for commercial buildings, hotel pillars, HOA club houses and other similar structures. This patented wall light has a unique body structure sealing it for waterproof performance function, making it adaptable for outdoor lighting and designs. This sconce utilizes the CREE LED light source, providing stable color quality. Utilizing mercury-free LED lighting technology, this LED wall fixture has a lifespan of 50,000 hours. This LED light's exterior has an electrostatic plastic coating as well as a lampshade that has toughened glass, increasing its resistance against impact and friction.
