

# LED Corn Light

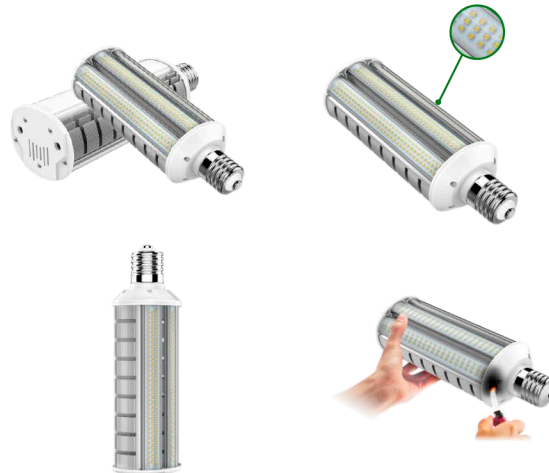

LED Corn Area Light

## LED Corn Area Light

| Part Number    | LOT-CR-20-11-CW                 | LOT-CR-40-11-CW | LOT-CR-60-11-CW |
|----------------|---------------------------------|-----------------|-----------------|
| Lumen Output   | 2,600lm                         | 5,200lm         | 7,800lm         |
| Wattage        | 20W                             | 40W             | 60W             |
| Lumen Efficacy | 130lm/W                         |                 |                 |
| CCT            | 4500~5500K(2500~5500K optional) |                 |                 |
| Beam Angle     | 120°(90° optional)              |                 |                 |
| Input Voltage  | 100-277Vac 50-60Hz PF 0.9       |                 |                 |
| IP Rating      | IP 64                           |                 |                 |
| LED Driver     | Meanwell                        |                 |                 |
| Certification  | UL, CE, PSE, SAA, RoHS          |                 |                 |

### Details

### LED Technology

The mogul LED Corn Light Series can be used as a UV-free and mercury-free corn light for multiple fixture types. The E26/E39 LED Corn Light is designed to ensure proper airflow, maintaining the long lifespan of the product. This corn light can be used as a direct replacement for incandescent lamps. This series has various corn lights available with wattages ranging from 20W-150W.
