Product Description

The remote controlled LED Walkway Light – RGB is an excellent way to add style to outdoor patios, gardens, decks, and walkways. Designed for outdoor use, this walkway light is rated IP67 and made of die-cast aluminum with tempered glass. A stainless steel cover gives this walkway light a sleek, contemporary look and a protective plastic shell protects the light under the ground surface. Available in multiple angles and with DMX control options available, this waterproof LED walkway light is a perfect way to add a spectrum of RGB color to your outdoor area.
