# BEFORE STARTING

## Before Using Product

- Read each step carefully before starting. It is very important that each step is performed in the correct order. If these steps are not followed in sequence, assembly difficulties will occur.

- Have the following tools.

- Recommended # of people needed for assembly: 2 (however it is always better to have an extra hand). Estimated assembly time is 2.5 hours.

## WARNING

1. Follow the information on the warnings appearing on the upper bunk end structure and on the carton. Do not remove warning label from bed.

3. Surface of mattress must be at least 5 in. (127 mm) below the upper edge of guardrails.
4. Do not allow children under 6 years of age to use the upper bunk.
5. Periodically check and ensure that the guardrail, ladder, and other components are in their proper position, free from damage, and that all connectors are tight.
6. Do not allow horseplay on or under the bed and prohibit jumping on the bed.
7. Always use the ladder for entering and leaving the upper bunk.
