Assembly Details

Assembly Tips

1. Put all the parts and hardware on the ground, and sort them out to simplify next assembly steps.
2. Put Part B upside down on the ground. Then assemble Part A & B on each side. This way will be more labor-saving. If one lift the top bar and another person assemble the legs, that's quite time-wasting.
3. At last, assemble Part C & D & the rest parts together.

Maintenance

Take care of the surface finish, which helps resist all weather conditions.

Return Policy

1. If the packaging or products are damaged severely, don't waste time submitting the return request. Please contact our customer service first! We'll provide timely reply and solutions for you!
2. For other quality or non-quality problems, just feel free to contact us and we will also provide timely reply.
3. For returns with any non-quality reasons, such as "no longer needed, bought by mistake" and so on, we may charge you some shipping fee when receiving the returned items.
