HEALTHY | ETHICAL | PROFESSIONAL

Our purpose is to provide quality products and professional training, empowering nail technicians to offer healthy and fashionable nail care systems, guided by an ethical business approach.

BIO SCULPTURE produces premium nail gel systems, used by distinguished nail technicians for 35 years! With an eco-friendly manufacturing facility based in South Africa, BIO SCULPTURE's ethical business approach provides quality products and professional training, ensuring that brand trained nail technicians can offer healthy and fashionable nail care to clients.

BIO SCULPTURE's professional products are available to nail technicians through brand training. As a training-based system, BIO SCULPTURE endorses the highest standard globally and produces award winning nail technicians worldwide. BIO SCULPTURE certified training courses are internationally recognized within our brand systems.

BIO SCULPTURE manufacture products with ethical considerations top of mind. Our ranges include products that are vegan-friendly, cruelty-free and never tested on animals.

BIOGEL

THE ORIGINAL NAIL GEL

BIOGEL is the original, professional, soak-off, easy wear nail gel system in a jar. With a 5-star Safety Rating boasting natural nail health, while beautifully enhancing and transforming any nail. A scientifically formulated pure gel range which varies from flexible to solid, BIOGEL is suitable for every nail type and is excellent for extending & strengthening nails. BIOGEL is durable, chip resistant, self levelling, with a long-lasting gloss finish, and removes within 10 to 15 min. With a range exceeding 200 colours, nail art and overlay possibilities are endless. New fashionable colours are launched seasonally, adding to the BIOGEL range with a matching nail polish range.

NAIL ART

ENDLESS OPTIONS

BIO SCULPTURE offers an array of specialty gels aimed at creating stunning nail art. Bio Sculpture Nail Artists frequently walk away from Nail Art Contests with the highest accolades. The **Contessa Nail Artist of the Year for 2023** is Bio Sculpture Canada Ambassador & Nail Stylist Cathy Torres.

The Nail Art Range includes:

- White Screed - A sturdy white builder gel used to extend a solid white free edge and create top surface nail art designs.
- Liquid Glass - High viscosity nail art gel used to sculpt 3D nail art designs. Liquid Glass may be used to create clear images or it can be used in conjunction with BIO SCULPTURE's High Pigment Gels to build colourful nail art masterpieces.
- High Pigment Nail Art Gels - Highly pigmented gels, used by award winning nail technicians all over the world. HP Gels are extremely easy to work with and allow for endless nail art creations.
- Threading Gels - A high viscosity gel with tangy threading properties used to create effortlessly beautiful nail art.
- Textured Gels - A series of gels to add texture to nail art.

TRAINING

BIO SCULPTURE IS A TRAINING-BASED SYSTEM

BIO SCULPTURE Courses are structured for both experienced and new nail technicians, who desire becoming a professional BIO SCULPTURE nail technician. Training courses offer each nail technician comprehensive training in natural nail care treatments as well as Spa product knowledge, BIOGEL and EVO product application, nail extensions, full cover tips and product removal. Courses are available in English and French, taught in person and in our virtual classrooms.

BIO SCULPTURE is a professional-only brand available exclusively to qualified nail stylists.

GETTING STARTED

BIO SCULPTURE offers a variety of options to get started with our system. We are flexible in structuring opening orders taking into consideration budget, volume and scope of services that will be offered. Many salons opt to select one of our set start up packages taking advantage of the built-in savings. Others create opening orders relying on the input of our experienced team of account managers to select suitable combinations of products.

We offer 24/7 access to our online shop, but every client is also provided access to an account manager who is available during business hours. Account managers are trained to provide product information and technical assistance, as well as valuable business advice with respect to pricing and marketing services, adding retail options and increasing profitability.
