

BIO SCULPTURE

Bio Sculpture - the original curable Gel nail system.

The world's first nail colour that lasts three weeks and longer and soaks off easily leaving the natural nail undamaged.

Bio Sculpture is a training based system for professional nail technicians. The Bio Sculpture Base Gel was carefully designed and after clinical trials, was awarded with a 5-star safety rated nail product certificate.

Bio Sculpture is a non-chip nail enhancement with tailor made solutions for all nail types and conditions. Nails can be reinforced, mended and extended while natural nails stay protected. Overlays can be done with a large choice of gel colours.

Evo is a Gel Polish by Bio Sculpture that boasts an Oxygenating Base infused with Vitamin A and Vitamin E. Evo is mostly used for quick overlays but can also be used to lengthen and reinforce the nail. Evo has a wide variety of colours and the two systems are compatible.

This award winning system is suitable for beginners as well as experienced nail technicians. Offering career training courses as well as certification and advanced courses, Bio Sculpture continuously produces award winning nail technicians globally with full ongoing support.

Bio Sculpture offers a range of nourishing natural nail care products to promote nail health, as well as a vast range of quality nail polishes to match the Bio Sculpture colour gel range.

For more information or to arrange for a product demo, visit www.biosculpturenails.com or call 1-877-424-6435.

Bio Sculpture – L'origine du tout premier système de gel polymérisable pour ongle.

La première couleur pour ongle au monde à durer trois semaines et plus et à se dissoudre facilement tout en laissant l'ongle naturel sans aucun dommage.

Bio Sculpture est un système sur base de formation pour techniciennes en ongles professionnelles. Le Gel de base Bio Sculpture a été créé avec soin et s'est vu décerner la certification de produit pour ongle avec cote de sécurité 5-étoiles suite à des essais cliniques.

Bio Sculpture est un rehausseur anti-écaillage pour ongle avec solutions conçues sur mesure pour tous les types et conditions d'ongles. Les ongles peuvent être renforcés, réparés, allongés tandis que les ongles naturels restent protégés. Des recouvrements peuvent être réalisés avec un grand choix de gels couleur.

Evo est un vernis gel de Bio Sculpture doté d'une Base oxygénante infusée de vitamine A et de vitamine E. Evo est généralement utilisé pour des recouvrements rapides mais peut aussi être utilisé pour allonger et renforcer l'ongle. Evo offre une grande variété de couleurs et les deux systèmes sont compatibles.

Ce système récipiendaire de prix convient aux techniciennes en ongles débutantes ainsi que celles expérimentées. Offrant des cours de formation de carrière ainsi que des cours de certification et cours avancés, Bio Sculpture forme continuellement des techniciennes en ongles récipiendaires de prix à travers le monde avec un soutien continu.

Bio Sculpture offre une gamme de produits de soin pour ongle naturel nourrissant dans le but de favoriser la santé de l'ongle, ainsi qu'une vaste gamme de vernis à ongle de qualité s'assortissant à la gamme des gels couleur Bio Sculpture.
