## NOTE

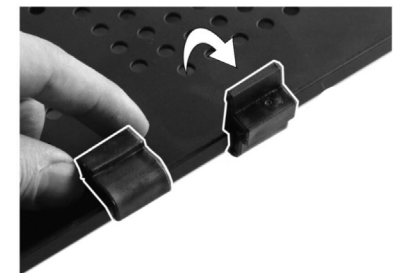

- DO NOT place a laptop on the unit until you make sure all the legs and the laptop tray are locked into place.
- Please make sure you have both sides locked at the same angle.
- If you need to readjust the angle of the laptop tray or legs, please refer to the steps in Unfolding the Laptop Stand
- Please hold the laptop tray using your fingers if you try adjusting legs on both sides at the same time.
- If you fail to rotate the leg, please make sure you push the button deep in.
- Adjustments should go from lower leg, to middle leg, to laptop tray when unfolding the unit; when folding the unit, they should be done in the reverse order (laptop tray → middle leg → lower leg)
- Max weight capacity is 33 lbs. (15kg). DO NOT overload!

## INSTALLING THE MOUSE TRAY

1. Slide the washer onto the star knob.
2. Place the laptop stand with its front lip facing you.
3. Put the mouse tray on the right side of the right upper leg and line up their holes.
4. Screw the knob through the holes.

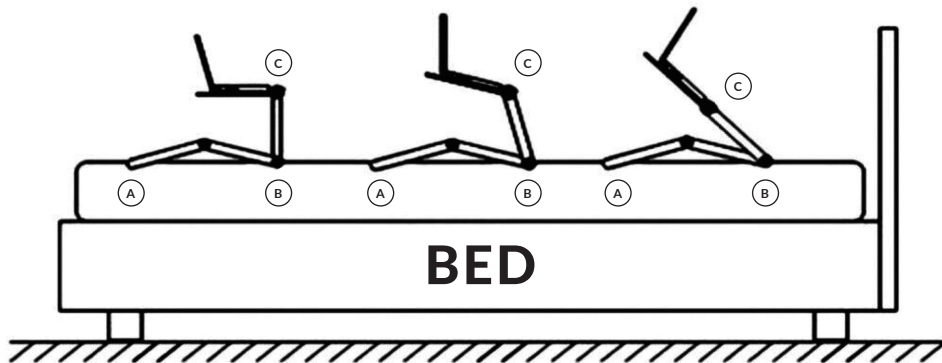

1. Attach an edge stopper to the front lip of the laptop tray, fitting its groove over the lip. (The flat side of the stopper should sit on the tray.)
2. Rotate the stopper to 90 degrees.
