UNIVERSAL DRUM SPILL RESPONSE KITS

Using the Chemsorb General Absorbent (GA) and personal protection equipment (PPE) is a fully contained kit. Designed to be stored in key locations around the plant, warehouse, chemical storage and mixing or loading areas. Unlike clay, cellulose, polypropylene, and other agricultural based solutions, all natural Chemsorb traps the liquid into its structure for easy clean up.

Weatherproof and ready on site when you need it

Silica Free, FDA 21 CFR and NSF Certified for Category Code J1, approved for use in food processing facilities

Choose from 30, 65 and 95 gallon kit refills by including an "R" at end of the part #:
