Word on the Street

"It is uncommon for an artist to create their strongest work 40 years into the game, but nothing about Richard Duguay's life and career has been traditional.

With Bad JuJu, he goes deep and dark, showcasing razor-sharp songwriting and arranging that straddle the line between the soulful and the sinister. The perfect addition to any listener's 3 am sonic library."

RICHARD DUGUAY

- Received a platinum record for his guitar playing on Guns 'n' Roses' "Spaghetti Incident" (You Can't Put Your Arms Around a Memory)
