LED. Strip Light

Instead of the standard Double Coated Tissue Tape on the market, Anony's LED uses 3M VHB Tape which increases overall durability with a higher resistance to temperature cycling, moisture, and solvents. The LED chips used offers high quality colour rendering that supports the needs of architects, electricians, and contractors. This low wattage option allows for longer runs with minimal use of drivers.

Item Code

ANY	2835	120	24V	
Model	LED SMD	LED per m	Voltage	Temperature

Model

ANY-2835-120-24V-22K
 ANY-2835-120-24V-27K
 ANY-2835-120-24V-30K
 ANY-2835-120-24V-35K

Temperature

2200K
 2700K
 3000K
 3500K

Voltage

24V DC

Wattage

3W/ft, 9.6W/m

Lumens

250lm/ft, 820lm/m

CRI

95+

Environment

IP20

Dimension

5/16in, W8mm

Cut Length

2in, 5cm

LED Chips

120/m, 36/ft

Bag

5m, 16.4ft

Copper

3oz

PCB

White

Dimming

Yes

Lamp Life

50K hours

Adhesive
3M VHB™

Certification
