To reset the Maintenance Alarm on the White Eagle

1. Press the Down Arrow button until the word MENU turns white and then press Enter.
2. Use the Down Arrow button to highlight MAINTENANCE (if you do not see MAINTENANCE, select TECHNICAL SETTINGS and then MAINTENANCE) and then press Enter.
3. Once into the MAINTENANCE page, press and hold the Reset button for a few seconds until you see a quick flicker of the display. Then, adjust the date on the MAINTENANCE page to be sometime in the future (six months, a year, etc.).
4. Select HOME on the display and press Enter.
5. Turn the machine off and back on again.
