TECHNICAL:

Working Width:	230mm
Weight:	44kg
Voltage:	110V / 230V
Current:	19.1A / 13A
Motor Rating:	1.5kW / 2.0kW
Motor Rotation Speed:	1380rpm / 1290rpm
Height:	900 - 1130mm
Length:	950 - 1130mm
Width:	430mm
Hose Diameter:	50mm

USES:

Generally used on internal applications for the removal of existing paint lines and surfaces including floor tape before applying a painted surface. A quick pass with a Contec Line Ex Shot Blaster is recommended to remove any debris and create an ideal texture for the paint to adhere to.

- Factories and warehouses
- Internal car parks and garages
- Offices and commercial buildings

RECOMMENDATION:

Recommended vacuum is Contec CDM 3000 230 V Mobile Dust Extraction Unit with a 50mm hose.

TRAINING:

Full training packages are available from Meon. This will ensure that proper usage of the machine is undertaken. Training is available on-site or at Meon.

SERVICE:

In order to ensure the Contec Dust Extractor is at maximum working capacity it is recommended that a service is booked at least once every 12 months. This may alter dependent on usage.
