

LINELAZER ES 2000

ELECTRIC AIRLESS SPRAY MACHINE

The Graco LineLazer ES 2000 is Meon's most powerful fully electric airless spray machine, powered by a high-output lithium battery - allowing it to be used on any internal or external applications. When combined with the LineDriver ES, this machine becomes a fully electric powered ride-on line marking set up that produces no fumes, no engine noise and vibration-free line marking performance. The ES 2000 is ideal for car parks, road works, internal and external line marking, airports and any situation where the benefits of an electric machine is required.

FEATURES & BENEFITS

- High-output Lithium batteries - spray up to 400 litres per charge
- J-Log job tracking system with USB download
- No engine noise - improved user safety
- No exhaust fumes - safe to use indoors
- Available with one or two guns fitted
- Automatic paint gun system
- No vibration - less fatigue

SERIES & KEY FEATURES:

1. STANDARD SERIES

For basic line marking jobs ranging from small to medium. Can spray single colour paint systems and only require standard guns.

- AVRS - Advanced Vibration Reduction System
- EZ Align Front Wheel System
- EasyMark Gun Adjustment System
- LiveLook Display
- DualComfort Handle Bar System
- Second guns available
- Rear-gun Mount System

AUTOMATICALLY PAINT SKIP LINES

Reduce operator fatigue - push button line production. Quality solenoid-driven system.

ELIMINATE LINE LENGTH GUESSWORK

Marker gun mode - perfect for car park layout work.

VALUABLE JOB INFORMATION

Proof of job can lead to more line marking opportunities. USB download capability allows you to capture and save all job data.

EASY GUN ADJUSTMENTS

Perfect gun setup every time with easy-to-use Guide Mark System. 2-gun capability with QuikSelect gun selector.

THE LONGEST LASTING DRIVE

Improved jobsite conditions with extremely quiet operation.

SIMPLE, PLUG-IN CHARGING

Plug into 240 volt wall power for stationary applications.

2. AUTOMATIC SERIES

For jobs ranging from medium to large such as line marking new car parks, city streets, intersections and bike paths. Multi-gun, automatic systems available. Comes with the Standard edition features, plus...

- Quick Select Gun Selector (Manual, Automatic and Semi-Automatic)
- Auto-layout™
- Data logging with J-Log system
- Skip Line System

TRACK BATTERY USAGE VIA APP

Smartphone app allows you to keep track of battery usage to ensure you never run out halfway through a job.

QUIET, RELIABLE POWER

High-output lithium batteries offer a maintenance-free design. Paint up to 400 litres on a single charge.

NO ENGINE NOISE, VIBRATION, OR FUMES

Complete any job at any time without production shutdown or disruptions. Reduce user fatigue while delivering perfect lines on all surfaces.

RELIABLE, LONG-LIFE PUMP

Industry-best pump performance - field proven design. Handle the most demanding materials with long life rod treatment.

CONSISTENT SPRAY FAN

SmartControl 3.0 - Eliminates pressure fluctuation for unmatched line quality.
