

LINELAZER V 200MMA 1:1

MMA SPRAY MACHINE

The Graco LineLazer 200MMA 1:1 MMA machine is a reliable walk-behind solution that delivers superior MMA 1:1 performance and guarantees ratio assurance in a compact and affordable package. This machine features an air-purge gun design which allows for the product to be mixed in the gun, lowering the risk of product drying in the hoses and eliminating build up of material at the tip.

FEATURES & BENEFITS

- Precise MMA 1:1 mixing for a guaranteed cure every time
- Compact solution for faster MMA applications at a lower cost
- Fusion air purge gun prevents MMA hardening in hoses for ease of use
- Automatic and manual gun settings - great flexibility for straight lines and stencil work

SERIES & KEY FEATURES:

3. HP REFLECTIVE SERIES

Your jobs range from medium to large and require you to linemark airports, large roadway and city projects. You require a multi-gun, automatic system with pressurized bead system. Comes with the Standard & Automatic edition features, plus...

PRESSURIZED BEAD SYSTEM

- On-board compressor
- Pressurized bead tank
- Bead gun activates automatically with spray gun
- Bead gun with gun-delay ability
- Adjustable nozzle for bead dispensing width adjustment
- Interchangeable nozzles to allow for different size beads or grain

FUSION AIR-PURGE GUN

Mixes materials "at the gun". Instant air purge after every spray clears all material in the mixing chamber and eliminates buildup of material at the tip. Quick-release fluid housing lets you easily change the mixing chamber without tools. Use RAC 5 switch tips for easy clearing of a tip clog.

AUTOMATIC SKIP LINE AND LAYOUT SYSTEM

Automatic set up for skip lines and car park layouts to increase productivity.

LIVELOOK DISPLAY WITH SMARTCONTROL

Real-time job performance data. Track all aspects of your job. USB download for proof-of-job performance.

IDEAL FOR USE IN:

- Longitudinal markings
- Refreshing/extending the life of thermoplastics
- Urban areas
- Environmentally sensitive areas
- High use areas & roads

AUTOMATIC GUN

Reduce operator fatigue with push button control. Eliminate tape measures and pre-marking with chalk. Consistent spray fan. Eliminates pressure fluctuation for unmatched line quality.

LOW OPERATING COST

No need for expensive solvents. No solvent pumps or tanks to maintain. Eliminates solvent disposal concerns.

PRECISE MMA 1:1 RATIOS

Innovative flow divider guarantees 50% material flow of each component. Built-in bypass valve for independent pump operation.

TECHNICAL:

REFLECTIVE SERIES	MAX TIP SIZE:	MAX FLOW:	ENGINE:	WEIGHT:	DIMENSIONS:
1 GUN: 601726	0.047"	8.14 L/MIN	6.2 HP	299kg	H: 1600mm, W: 1200mm, L: 2000mm
DUAL GUNS: 601728	0.047"	8.14 L/MIN	6.2 HP	299kg	H: 1600mm, W: 1200mm, L: 2000mm

TRAINING:

Full training packages are available from Meon. This will ensure that proper usage of the machine is undertaken. Training is available on-site or at Meon head office.

SERVICE:

In order to ensure the Graco LineLazer is at maximum working capacity it is recommended that a service is booked at least once every 12 months. This may alter dependent on usage and materials used.
