SERIES & KEY FEATURES:

1. STANDARD SERIES

Your jobs range from small to medium and you are using the machine for basic linemarking. You use single colour paint systems and only require standard guns.

- Option of battery powered machines
- AVRS - Advanced Vibration Reduction System
- EZ Align Front Wheel System
- EasyMark Gun Adjustment System
- LiveLook Display
- DualComfort Handle Bar System
- Second guns available
- Rear-gun Mount System
- Compatible with Graco LineDriver - optional

HANDLE BAR DESIGN:

High-comfort design for greater control and less operator fatigue. Contoured grips comfortably fit your hands.

LIGHTWEIGHT GUN HOLDER:

Minimise gun movement caused by rough pavement conditions. Durable, extruded aluminum design. Spring-assisted cable return for positive gun shut-off.

EASY REACH CONTROLS:

Operator controls are located on the handle bars. You can fine tune the striper without stopping.

CHROMEX PUMP ROD:

Long life rod treatment for the most demanding materials. Four times harder than ordinary chrome.

FRONT SWIVEL WHEEL:

Provides easier 'up to the curb' marking and hard-to-do curves. Tapered locking pin design for years of dependable operation.

ELECTRONIC PRESSURE CONTROL:

Accurate, tight tolerance system provides excellent line quality.

TECHNICAL:

STANDARD SERIES	MAX TIP SIZE:	MAX FLOW:	ENGINE:	WEIGHT:	DIMENSIONS:
1 GUN: 601244	0.027"	2.8 L/MIN	3.7 HP	68kg	H: 1030mm, W: 810mm, L: 1560mm

TRAINING:

Full training packages are available from Meon. This will ensure that proper usage of the machine is undertaken. Training is available on-site or at Meon head office.

SERVICE:

In order to ensure the Graco LineLazer is at maximum working capacity it is recommended that a service is booked at least once every 12 months. This may alter dependent on usage and materials used.
