

# TEMPO TP

## SHORT-TERM HI-VIS AEROSOL MARKER

A high quality fluorescent site marker, ideal for short term spot marking purposes. Bright colours ensure maximum visibility during its life span, whilst its composition allows for slow breakdown by UV light. Typical uses include utilities tracing and marking, landscaping, surveying, groundworks.

TempoTP is fitted with a safety cap with clog-free nozzle, which makes it ideal for use by surveyors and office-based staff, as well as site operatives.

### FEATURES AND BENEFITS

- Temporary surface marking where natural fading out is required
- Precise operation from safety cap
- Environmentally friendly toluene and xylene-free formulation
- High visibility fluorescent markings
