

# TRAINING ACADEMY

## GRACO LINEDRIVERS

### COURSE OVERVIEW:

This MEON accredited course is vital in speeding up your application time and reducing further fatigue on the machine operator. It is important to understand the health and safety implications when connecting this machine to others. You will learn to understand how the driving modes on the electrical system work, where the pressure switch is on the seat. You will have the opportunity to demonstrate your knowledge and skills.

### KEY LEARNING AREAS:

- Can only be completed with either an LineLazer or Zirotco fitted with LineDriver hitch
- Health and safety of using LineDrivers – the need for practise
- Driving modes on ES model – show pressure switch on seat
- Spray lines with LineDriver – emphasise how these are set up for maximum productivity
