## Presenting the AVATAR for the Go<sub>3</sub>If Club setting

The AVATAR is a revolutionary and scientifically proven device, which converts regular water into ozonated water – a natural disinfectant which kills up to 99.9% of viruses and bacteria including Coronavirus, Ebola, and SARS, and sanitises 3,200 times faster than chlorine.

- Portable or fixed
- Easy to install and use
- Maintenance free
- Long life expectancy (10+ years)

### Save money

- No more chemical cleaning products to buy
- Stand-by mode ensures optimal energy use

### Eco-friendly

- Chemical-free
- Reduces use of plastic bottles/packaging
- No pollution of waterways with chemical cleaners residue

### Effective

- Ozone is the best disinfectant known to man
- Ozone water can be used in a mop bucket, spray bottle, power washer, nebulizer, etc.

Complies with

RoHS  
COMPLIANT
