With Belly Band or Personalised Tag & Twine	£0.65	£16.25

Order Process

All of our designs are available online to order. Each design has all the options built-in to assist you filling in your Wedding details or instead, upload your Word Document. Alternatively, you are welcome to email all of your details when ordering, to studio@eivissakinddesigns.co.uk with your order number.

Printing does NOT commence until you have approved your PDF Personalised Proof. This is emailed directly to you for checking 2-3 workings days after ordering. Once you are happy and have signed off your PDF Proof, we will commence to the printing stage. Then 7-10 working days later, your stationery will be with you ready to send out to your guests!

Bespoke Custom Designs

We are able to create your Wedding Stationery from Save the Dates to On-the-Day needs. We work from your creative brief, which guides us in designing what you would like for your Wedding Stationery.

We charge an hourly rate but quote a set number of hours based on your idea. This means, even if we go over our allocated design time, we do not charge more. This comes with a set number of design amendments and approx 2-3 design ideas from ourselves which you can choose one to develop into your design! This service is quote and invoiced based process. If your interested to know more or want an initial conversation, please email studio@eivissakinddesigns.co.uk with your thoughts.

*A reminder that with all printing, if you need to make an amendment after you've signed-off and OK-ed your PDF Proof, you need to contact us within 24hours as your stationery may have already been printed.

..... Colour Swatch
